ASSEMBLY JOINT RESOLUTION No. 12

Relating to a more strict enforcement of the immigration laws

WHEREAS, The natural resources of our country belong first and by inherent right to our own native born citizenship; and

WHEREAS, The conservation of these resources is being yearly more difficult, with the tremendous increase in native and foreign born population; and

WHEREAS, The country faces the problem of assimilating many hundreds of thousands of aliens, many of whom are of questionable fitness for citizenship; and

WHEREAS, The industrial and social relations of these two populations demand either assimilation of one by the other, or a fixed and equable adjustment of such relations; and

WHEREAS, There is a constantly increasing number of native born citizens engaged in various occupations being displaced by aliens; and

WHEREAS, Scientific research shows that this infusion of this lower alien strain tends to lower the standard of the American nationality; and

WHEREAS, The immigration laws on our statute books have been very liberally construed, with the result that there has been but slight check placed upon the influx of aliens, therefore, be it

Resolved, That while we welcome to our shores all immigrants of such mental and moral equipment as will tend to elevate instead of lower the standard of our industrial population, and who come with bona fide intentions of becoming citizens of our country, we deplore the addition to our population of a vast unassimilable element of doubtful fitness for citizenship, and further be it

Resolved, by the Assembly and the Senate, jointly, That our Senators in Congress be instructed, and our Representatives be requested to use their best efforts to bring about the enactment of such laws and treaties as will best serve the purposes indicated in this resolution, with a view to the enactment of more strict immigration laws.

ASSEMBLY CONSTITUTIONAL AMENDMENT NO. 6

A resolution proposing to the people of the State of California an amendment to section twenty-two of article twelve of the Constitution of the State of California, creating a railroad commission and defining its powers and duties.

The Legislature of the State of California, at its regular session, commencing on the second day of January, one thousand nine hundred and eleven, two thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes to the people of the State of California that section twenty-two of article twelve of the Constitution of the State of California be amended so as to read as follows.

Section 22. There is hereby created a railroad commission which shall consist of five members and which shall be known as the Railroad Commission of the State of California. The commission shall be appointed by the Governor from the State

at large; *provided*, that the Legislature, in its discretion, may divide the State into districts for the purpose of such appointments, said districts to be as nearly equal in population as practicable; and *provided further*, that the three commissioners in office at the time this section takes effect shall serve out the term for which they were elected, and that two additional commissioners shall be appointed by the Governor immediately after the adoption of this section, to hold office during the same term. Upon the expiration of said term, the term of office of each commissioner thereafter shall be six years, except the commissioners first appointed hereunder after such expiration, one of whom shall be appointed to hold office until January 1, 1917, two until January 1, 1919, and two until January 1, 1921. Whenever a vacancy in the office of commissioner shall occur, the Governor shall forthwith appoint a qualified person to fill the same for the unexpired term. Commissioners appointed for regular terms shall, at the beginning of the term for which they are appointed, and those appointed to fill vacancies, shall, immediately upon their appointment, enter upon the duties of their offices. The Legislature shall fix the salary of the commissioners, but pending such action the salaries of the commissioners, their officers and employees shall remain as now fixed by law. The Legislature shall have the power, by a two thirds vote of all members elected to each house to remove any one or more of said commissioners from office for detection of duty or corruption or incompetency. All of said commissioners shall be qualified electors of this State, and no person in the employ of or holding any official relation to any person, firm or corporation, which said person, firm or corporation is subject to regulation by said railroad commission and no person owning stock or bonds of any such corporation or who is in any manner peculiarly interested therein, shall be appointed to or hold the office of railroad commissioner. No vacancy in the commission shall impair the right of the remaining commissioners to exercise all the powers of the commission. The act of a majority of the commissioners when in session as a board shall be deemed to be the act of the commission; but any investigation inquiry or hearing which the commission has power to undertake or to hold may be undertaken or held by or before any commissioner designated for the purpose by the commission, and every order made by a commissioner so designated, pursuant to such inquiry, investigation or hearing, when approved or confirmed by the commission and ordered filed in its office, shall be deemed to be the order of the commission.

Said commission shall have the power to establish rates of charges for the transportation of passengers and freight by railroads and other transportation companies, and no railroad or other transportation company shall charge or demand or collect or receive a greater or less or different compensation for such transportation of passengers or freight, or for any service in connection therewith, between the points named in any tariff of rates, established by said commission than the rates, fares and charges which are specified in such tariff. The commission shall have the further power to examine books, records and papers of all railroad and other transportation companies, to hear and determine complaints against railroad and other transportation companies, to issue subpoenas and all necessary process and send for persons and papers, and the commission and each of the commissioners shall have the power to administer oaths, take testimony and punish for contempt in the same manner and to the same extent as courts of record; the commission may prescribe a uniform system of accounts to be kept by all railroad and other transportation companies.

No provision of this Constitution shall be construed as a limitation upon the authority of the Legislature to confer upon the railroad commission additional powers of the same kind or different from those conferred herein which are not inconsistent with the powers conferred upon the railroad commission in this Constitution, and the authority of the Legislature to confer such additional powers is expressly declared to be plenary and unlimited by any provision of this Constitution.

The provisions of this section shall not be construed to repeal in whole or in part any existing law not inconsistent herewith, and the "Railroad Commission Act" of this State, approved February 10, 1911, shall be construed with reference to this constitutional provision and any other constitutional provision becoming operative concurrently herewith. And the said Act shall have the same force and effect as if the same had been passed after the adoption of this provision of the Constitution and of all other provisions adopted concurrently herewith.

The above reported bill ordered on file for second reading.

Also:

MR. SPEAKER On the 26th day of January, 1911, this Assembly, by resolution, instructed its Committee on State Prisons and Reformatories to investigate and report to this House, the different methods, and to what extent, punishment is used in the state prisons of California, and especially to what extent the strait-jacket is used therein.

Pursuant to said resolution, said committee obtained leave of absence from this House, and have held sessions of the committee at both the state prisons at San Quentin and at Folsom, and from the official records and sworn testimony introduced at such sessions, the committee makes and reports its findings as follows

SAN QUENTIN PRISON

At the state prison at San Quentin there is in use seven different methods of punishment inflicted upon convicts for infraction of the rules and regulations of that prison. The first two may be comprehended in one head, designated as denial of privileges, which consists of refusing the convict—

1. The privilege of the right to see and converse with relatives and friends for a period of thirty minutes each month, a right allowed to all convicts who are not subject to punishment.

2. Taking away from the convict, and forbidding the use for a designated period, of tobacco.

3. Solitary confinement, which consists in putting the convict in a cell by himself in a removed portion of the prison, without the right to speak with, or be spoken to, by any one except an officer in giving directions

4. Solitary confinement on bread and water, which is solitary confinement, carrying with it the additional punishment of being deprived of all food or drink, except plain bread and water

5. Confinement in the dungeon, which is solitary confinement, except that the cell in which the convict is confined is made as near totally dark as possible.

6. Cuffing up. This punishment is accomplished by causing the convict to stand erect, facing the door of his cell, and extending his hands and forearms through the grating of the door of the cell, about even with his face. The hands are then fastened together with handcuffs about the wrists. He is compelled to stand in this position for six consecutive hours, after which he is allowed to rest for six hours, and is then again cuffed for six consecutive hours. This is repeated daily during such period as may be prescribed by the warden.

7. The strait-jacket. This punishment consists of placing the convict in a jacket made of heavy, strong, canvas, cut so as to fit the body and shoulders of the wearer, along the edges of which there is a row of strong eyelets. The jacket extends from the throat down to and below the knees. On the inside there are two loops, or places where the hands of the wearer are placed, so that the hands rest upon and in front of the upper portion of the legs. The jacket is placed upon the convict, he is then laid down upon his face, and the jacket, by means of a quarter-inch rope through the eyelets on the edge thereof, is laced upon the body.

The jacket by these means may be laced up tight enough to inflict great physical pain, and even death, by impeding breathing, and pressure on the heart and kidneys. The convict is kept in the jacket such a length of time as is necessary in the discretion of the warden, in no case exceeding six hours, consecutively, in any one day. This is repeated each day until the punishment inflicted by the judgment of the warden has been complied with.

We find that this is the most severe and dreaded punishment that is inflicted on the convicts, and that it is never resorted to except by judgment of the warden for a violation of the rules, and after a careful physical examination of the convict by the prison physician

In the state prison at San Quentin we found 39 complete sets of strait-jackets: 17 in that portion of the prison where convicts sentenced to solitary confinement are placed, and 22 sets in that portion of the prison where convicts sentenced to the dungeon are placed.

Your committee investigated the conditions which exist there now, and which have existed since the first day of January, 1905, and find as follows:

In 1905, 270 men were punished by the jacket, serving altogether 7,911 hours in the strait-jacket.

In 1906, 223 men were punished in the jacket, serving altogether 6,072 hours in the strait-jacket.

In 1907, 164 men were punished in the jacket, serving altogether 1,606½ hours in the strait-jacket.

In 1908, 134 men were punished in the jacket, serving altogether 929 hours in the strait-jacket.

In 1909, 73 men were punished in the jacket,* serving altogether 279 hours in the strait-jacket.

In 1910, 19 men were punished in the jacket, serving altogether 39½ hours in the strait-jacket.

In justice to the present warden at San Quentin, your committee desires to say that he has been in charge of said prison since July, 1907.

FOLSOM PRISON.

In the state prison at Folsom there are six modes of punishment in vogue, as follows

1. Solitary confinement, which is accomplished by the same means as described for the same punishment in San Quentin Prison.

2. Solitary confinement on bread and water, which is also accomplished by the same means as at San Quentin.

3. Confinement in the dungeon, which is accomplished by the same means as described in use at San Quentin.

4. Cuffing up, which is accomplished by the same means as described for the same punishment in San Quentin Prison.

5. Standing between doors. This punishment consists in causing the convict to stand in the doorway of his cell in an erect position. In front of him is a steel grated door; behind him is a concaved or curved steel rack or grate extending from the floor to the top of the steel door, so that with the sides of the door to his right and left, the steel door in front of him, the steel rack or grate behind him, the convict is forced to stand in an erect position, unable to move but slightly. This punishment is inflicted for eighteen hours out of each twenty-four, during the number of days of punishment prescribed by the warden. The convict is placed between the doors at 6:00 A. M., removed at 12:00 M., placed between the doors again at 1:00 P. M., removed at 7:00 P. M., and replaced between the doors at 9:00 P. M., and removed at 2:00 A. M., from which time he is allowed to sleep or rest, until 6:00 A. M. the next morning.

6. Tricing up. This punishment is inflicted by means of rings fastened to the wall, through which rings a strap is passed, upon which strap there is a buckle so that the strap can be shortened or lengthened. At the end of the strap a pair of handcuffs is fastened, the convict is placed with his back to the wall, his hands being behind his back, his hands are then fastened together by means of the handcuffs about his wrists. The strap is then shortened so as to raise his hands about even with the back of his neck, which throws the upper portion of the body forward. The convict is allowed to stay in this position as long as he can stand it, but in no case longer than one hour and fifteen minutes, when he is taken down for a period of fifteen minutes, and then again drawn up for one hour and fifteen minutes, when he is again taken down and again triced up in the afternoon, so that the convict is triced up four times in each day one hour and fifteen minutes, making a total of five hours triced up out of each twenty-four hours, for the period prescribed by the warden. It is never inflicted except after physical examination by the prison physician, for the reason that it is a severe strain upon the heart and kidneys. We found seventeen sets of rings for the purpose of inflicting this punishment, in Folsom Prison all of said rings being imbedded in the wall, the lowest one being four and a half feet high, from the floor, and the highest being seven feet from the floor.

7. The strait-jacket. This punishment is accomplished by the same means as at San Quentin Prison, excepting that in applying the jacket at Folsom all buttons are removed from the clothes of the convict. The upper portion of his body is then encased in a thick pad, and wound in a blanket after which the strait-jacket is applied as in San Quentin Prison. We find that the longest period that any convict has been subjected to the jacket since the first of January, 1905, is three hours and forty-five minutes. The usual time in any one day that the convict is compelled to stay in the jacket is two hours, and may be extended over as many days as the warden may order. The jacket is never applied except after a physical examination by the physician, and is always applied in his presence. We find, from the testimony of Doctor Ingersoll, physician at Folsom Prison, that the strait-jacket is especially injurious to the heart, lungs, and the kidneys, and that whenever any of these organs are affected, he withholds his consent for its application. We further find that the jacket is never applied unless, after a physical examination, the prison physician certifies in writing that the convict is in a physical condition to undergo the punishment.

We find at Folsom Prison twelve complete sets of strait-jackets, all in that portion of the prison commonly designated as the "Alley," where the prison punishment is inflicted.

We further find that since the first day of January, 1905, the punishment of convicts by means of the jacket has been as follows:

	Total number of men confined in the jacket	Total number of hours in jacket
In 1905 -----	43	87 hours 31 minutes
In 1906 -----	14	43 hours 49 minutes
In 1907 -----	7	26 hours 27 minutes
In 1908 -----	19	78 hours 21 minutes
In 1909 -----	38	197 hours 23 minutes
In 1910 -----	49	305 hours 40 minutes

In justice to the warden, your committee desires to state that the present warden has been in charge of the prison since February, 1905.
Respectfully submitted.

GOVERNOR'S MESSAGE.

The following message from the Governor was taken up and read:

EXECUTIVE OFFICE, SACRAMENTO, March 8, 1911

To the Assembly of the State of California:

I return herewith to you, without my approval, Assembly Bill No. 604, entitled: "An Act to amend the Penal Code of the State of California by adding a new section thereto to be numbered 653c, relating to blacklisting."

My reasons for vetoing this bill are that its provisions are vague, uncertain and indefinite, and that while prohibiting some things that we might desire to prohibit, it prohibits others we do not wish to prohibit.

Reading the Act, omitting superfluous words, the first inhibition contained in it is, that no company shall blacklist or require a letter of relinquishment. I inquired of the author of the bill what a "letter of relinquishment" was, and he was unable to tell me. I have sought the same information from various sources, and but one gentleman has been able to define this term and he was quite uncertain of his definition. If "letter of relinquishment" has some specific and definite meaning, it has not as yet acquired a legal signification, and should be described in some fashion so that the phrase may be easily understood. The next inhibition in the section is contained in the words, that no company, etc., shall publish any employee. The most astute attorneys will be somewhat at a loss accurately to determine what constitutes publication of one individual by another. It is possible we may accept the legal definition of "publish" as applied to libel, and it might be held that when a person, firm or corporation is prohibited from publishing an employee, the meaning intended is that nothing shall be uttered or circulated concerning that employee. At any rate, the vagueness of the expression renders it so uncertain as to be of doubtful validity.

Again, the Act makes it an offense for any person (if "publish" be construed in accordance with its legal significance) to impart to another truthful information concerning a discharged employee with intent to prevent that employee from securing similar employment. I doubt very much if it was the intention of the Legislature to make it a crime for "A" who had discharged for theft, or incompetency, or other righteous cause, his employee, to say to "B" if "B" were about to engage that employee, that the employee was dishonest or incompetent. There are in the United States many statutes designed to reach blacklisting. In most of those statutes there is a saving clause providing for a truthful declaration respecting a discharged employee, and in any statute our Legislature might enact, I think such a proviso should be contained. I may add that this particular law is copied from the Oklahoma statute, but I have been unable to find any construction of that statute, and though it has the sanction of Oklahoma, I yet believe it open to the objections I have presented. I have no objection to prohibiting blacklisting; but if it is to be done, I wish it accomplished by an Act direct, certain and plain in its terms which can not be defeated by judicial construction, and which would preserve as well the right to make a truthful disclosure of the reasons for the discharge of a dishonest or incompetent employee.

For the reasons I have stated, I have vetoed the bill.

Respectfully submitted.

HIRAM W. JOHNSON,
Governor of California.

The question being put, "Shall the bill become a law notwithstanding the veto of the Governor?"

The roll was called and the veto of the Governor sustained by the following vote:

AYES—Mr. Denegri—1.

NOES—Messrs. Beatty, Benedict, Bennink, Bliss, Bohnett, Butler, Cattell, Chandler, Clark, Cogswell, Cronin, Farwell, Feeley, Flint, Gaylord, Griffin of Modesto, Guill, Hamilton, Harlan, Hayes, Held, Hinkle, Hinshaw, Jasper, Jones, Judson, Lamb, Lynch, Lyon of Los Angeles, Lyon of San Francisco, Malone, McDonald, Mendenhall, Mott, Polsley, Preisker, Randall, Rimlinger, Rogers of Alameda, Rosendale, Ryan, Schmitt, Slater, Smith, Stevenot, Sutherland, Telfer, Williams, Wilson, Wyllie, Young, and Mr. Speaker—52.

A petition signed by electors entitled to vote for a successor of the incumbent sought to be removed, equal in number to at least twenty-five per cent of the entire vote for all candidates for office, the incumbent of which is sought to be removed, cast at the last preceding general municipal election, demanding an election of a successor of the person sought to be removed, shall be addressed to the council and filed with the city clerk; and said petition shall contain a general statement of the grounds for which the removal is sought, which statement is intended solely for the information of the electors, and the sufficiency of which shall not be open to review. The signatures of the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. Each such paper shall have attached thereto the affidavit of a registered voter of the city, stating that all the signatures to the paper were made in his presence, and that to the best of his knowledge and belief, each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Every signature appended to any of the papers forming such petition shall be deemed and treated by the city clerk for the purpose of his examination of such petition herein provided, as the genuine signature of the person whose name it purports to be, unless such person, during the period of such examination files with the city clerk an affidavit to the contrary. Within ten days from the date of filing such petition the city clerk shall examine and ascertain from the great register or from the affidavits or duplicate affidavits of registration, or from either, whether or not said petition is signed by the requisite number of electors entitled to vote, and if necessary, the council shall allow him extra help for that purpose and he shall attach to said petition his certificate stating that he finds the petition to be sufficient or insufficient, as the case may be. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the

amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay, and the council shall thereupon order and fix a date for holding the said election, not less than thirty days nor more than forty days from the date of the clerk's certificate to the council that a sufficient petition is filed.

The sufficiency or insufficiency of said petition shall, except as to the grounds for removal therein stated, be subject to judicial review, but not to review by the council. In the event action by the council shall be delayed by judicial decree or act of God, then such election shall be called by the council to be held not less than thirty nor more than forty days from the date of which the cause of delay is removed.

CITY OF PALO ALTO, }

This is to certify that we, Charles B. Wing, mayor of the city of Palo Alto and Frank Kasson, clerk of the city of Palo Alto, have compared the foregoing proposed and ratified amendments to the charter of the city of Palo Alto, with the original ordinance proposing such amendments and submitting the same to the qualified electors of said city at a special municipal election, called for that purpose on Wednesday, the first day of February 1911, and find that the foregoing is a full, true, correct and exact copy thereof and of each of them, and we further certify that the facts set forth in the preamble preceding such amendments to said charter are and each of them is true, save and excepting, that as to amendment number seven, heretofore separately set forth, Charles B. Wing, as mayor of said city, refuses to certify said amendment number seven as having been duly and legally adopted at said election by the voters of said city of Palo Alto, on the ground that said electors were misled in casting their vote on said amendment number seven by reason of the fact that in the "Instructions to Voters" an error was made as to said amendment number seven only at said election, that this reservation or refusal to certify as to amendment number seven is made without prejudice to amendments numbers eight, nine, ten, eleven, twelve, thirteen, fourteen, fifteen and sixteen heretofore set forth.

EXPLANATION OF VOTES.

The following were received and ordered printed in the Journal:

By Mr. Rosendale:

I voted for this bill because I believe the people of this State demand the opportunity of voting upon the principles of local option. I have consistently maintained that the township unit be preferred to any other offered, and the expression of a large minority of this House voted against concurrence upon the Free Conference Committee.

Having protested to the best of my ability against the adoption of the unit set out in this bill, I voted for this bill rather than see the people of this State deprived of the right of local option and to redeem my promise to the people of my district, that I would support the principles of local option.

CHAS. B. ROSENDALE,
Fifty-ninth District.

By Mr. Slater:

When the Local Option Bill was first discussed in this place, I urged that if any local option measure was passed it should not be a harsh one that would injure the great hop and grape-growing and wine-making section of my district and the other districts of our great State similarly affected. I also stated that I favored restriction of the "vicious roadhouse and low groggery" to which so many of my fellow legislators referred. I stated my adherence to proper legislation in this respect. I have not diverged from my position. In the new bill presented to-day, I find that the Free Conference Committee has adopted many of the suggestions made by myself and my colleague, Senator Juillard, for the protection of the great interests of Sonoma County. While some of the provisions contained in the report of the Conference Committee are not as broad as they could and should have been, and while the bill is not what I deem a perfect one, yet I consider it my duty to vote for it in view of the concessions granted.

HERBERT W. SLATER,
Fourteenth District.

CHANDLER, Select Committee.

Report of select committee, and amendment, adopted.

Bill ordered to reprint, with a rush order, and on file for passage.

Mr. Brown asked for, and was granted, unanimous consent to have Assembly Bill No. 1190 taken up, out of order.

Assembly Bill No. 1190—An Act to amend section number twelve of an Act entitled "An Act to provide for the formation of boulevard districts, and the construction, maintenance, and use of boulevards and defining the term boulevard," approved March 22, 1905, and amended April 15, 1909, the amendment relating to the definition of the term "boulevard."

During the third reading of the bill, Mr. Brown moved that the Speaker appoint a select committee of one to amend the bill as follows:

Strike out all after the enacting clause, in the amended printed bill, and insert in lieu thereof the following

SECTION 1 Any portion of a county not contained in a boulevard district under the provisions of this Act, may be formed into a boulevard district, and when so formed shall be known and designated by the name and style of _____ boulevard district (using the name of the district) of _____ county (using the name of the county in which said district is located), and shall have the rights herein enumerated and such as may hereafter be conferred by law.

SEC. 2 A petition for the formation of such boulevard district (naming it) may be presented to the board of supervisors of the county wherein the district is proposed to be formed, which said petition shall be signed by not less than twenty-five freeholders, resident within the proposed district, and shall contain

(1) The boundaries of the proposed district, and the number of inhabitants residing therein;

(2) The number of acres contained therein and the assessed value thereof and of the improvements thereon.

(3) A particular description of the boulevard which it is desired to lay out, open and construct,

(4) A request that an election be called within said district for the purpose of determining the question of the formation of said boulevard district and the building of the boulevard described in said petition.

SEC. 3 Such petition must be presented at a regular meeting of said board of supervisors and they shall thereupon fix a time for hearing said petition, not less than twenty, nor more than sixty days after the date of presentation thereof, and shall publish a notice of the fact that such petition has been filed (referring to the same on file with the clerk of the board of supervisors for further particulars) and

giving the date and hour at which said petition will be heard, which said notice shall be published at least once a week for two consecutive weeks in some newspaper published and circulated in said proposed district, *provided*, that if no newspaper be so published in said district, then said notice shall be so published in some newspaper published and circulated at the county seat in which said proposed district is located.

SEC. 4. Upon the day named for the hearing of said petition, the board of supervisors shall hear the same and may adjourn such hearing from time to time, not more than thirty days in all.

On the final hearing the said board shall define and establish the boundaries of said boulevard district as provided in said petition, unless they shall deem it proper to change them, *provided* that any change made by said board of supervisors shall not include any territory outside of the boundaries described in the petition, until the board has given at least two weeks' notice of its intention to include such territory within such district, by publication for two weeks of such notice of intention in a newspaper of general circulation published either in said district or at the county seat. The territory of such district shall not be changed or reduced to such an extent as to prevent the creation and establishment of such boulevard district.

SEC. 5. The boundaries established by the board of supervisors shall be the boundaries of such boulevard district until the same shall be changed in the manner provided by law. But, if it shall appear to the board that the boundaries of any such district have been incorrectly described in the petition it shall direct the county surveyor to ascertain and report the correct description of the boundaries, in conformity with the orders of said board of supervisors, which said report must be filed within ten days from the day of making such order. At the first regular meeting after the filing of said report, the board of supervisors shall ratify the same, by resolution entered in its minutes, with such modifications as they deem necessary, and the boundaries so established shall be the legal boundaries of such boulevard district.

SEC. 6. The board of supervisors thereupon and not later than thirty days after the establishment of said boundaries, as hereinbefore provided, shall give notice of an election to be held in such proposed boulevard district for the purpose of determining whether such district shall be formed. The order must fix the day of such election, which must be within sixty days from the date of the order, and must show the boundaries of the proposed district, and must state that at such election three persons who are to compose the boulevard commission will be voted for. This order shall be entered in the minutes of the board, and shall be conclusive evidence of the due presentation of a proper petition, and of the fact that each of the petitioners was at the time of the signing and presentation of such petition, a resident and freeholder of the proposed district; a copy of such order shall be posted for four successive weeks prior to the election, in three public places within the proposed district, and shall be published for four successive weeks prior to the election in some newspaper published in the proposed district, if there be one, and if not, in some newspaper published at the county seat. It shall be sufficient if the order be published once a week.

SEC. 7. The board of supervisors, at least fifteen days prior to the election, shall select one, and may select two, polling places within the proposed district, and make all suitable arrangements for the holding of such election. They must appoint one inspector and two judges of election in each polling place, who shall constitute the officers of said election; if none are so appointed, or if those appointed are not present at the time of the opening of the polls, the electors present may appoint them and they shall conduct the election. The ballot shall contain the words "For a Boulevard District" or "Against a Boulevard District" as the case may be, and also the names of the persons to be voted for at said election. At such election there shall be elected three persons for members of the boulevard commission. Such election, and all subsequent elections in said district, shall be conducted as nearly as practicable in accordance with the general election laws of the State, except that the provisions of said laws as to the form of ballots and the making of nominations shall not apply. Every qualified elector, resident within the proposed district for the period requisite to enable him to vote at a general election shall be entitled to vote at the election above provided for. The officers of the election must certify the result of the election to the board of supervisors, and if a majority of the votes cast at such election shall be in favor of a boulevard district the board of supervisors shall make and cause to be entered in the minutes of said board an order that a boulevard district of the name and with the boundaries stated in the petition (setting forth such boundaries) has been duly established and shall declare the persons receiving respectively the highest number of votes for members of the boulevard commission, duly elected as such commissioners, and said order shall be conclusive evidence of the fact and regularity of all prior proceedings of every kind and nature provided for by this Act or by law, and of the existence and validity of the boulevard district. If a majority of the votes cast shall be against a boulevard district, the board shall, by order entered in its minutes, so declare, and no other proceeding shall be taken in relation thereto until the expiration of six months from the date of the presentation of the petition to said board.

SEC. 8. There shall be an election for two members of the boulevard board in every even numbered year, beginning with the first even numbered year after the election at which the said district was organized, and the two members then to be elected shall hold office until the election and qualification of their successors in the next even numbered year, and there shall be an election for one member of the boulevard commission in every odd numbered year beginning with the first odd numbered year after the election at which the district was organized, and the member then to be elected shall hold office until the election and qualification of his successor in the next odd numbered year. The three members elected at the election at which the district was organized shall, at their first meeting, or as soon thereafter as may be practicable, so classify themselves, by lot, that two of them shall go out of office in the first even numbered year after the election at which the district was organized, and upon the election and qualification of their successors, as provided by this Act. The members of the boulevard commission shall receive no compensation whatever, either for general or for special services. All elections for officers after the formation of the district shall be held on the first Monday after the first Tuesday in the month of March. Not less than twenty days after the day of such election the boulevard commission must give notice of said election by posting notice thereof in three public places in the boulevard district, which notice must specify the time and place of election, the hours during which the polls will be kept open, and the officers to be elected. They shall select one, and may select two, polling places within the district, shall appoint one inspector and two judges of election in each polling place, and make all necessary and proper arrangements for holding the election. Said election officers shall constitute the election board. If no election officers are so appointed, or if those appointed are not present at the time of the opening of the polls, the electors present may appoint them and they shall conduct the election. Such election shall be conducted as nearly as practicable in accordance with the general election laws of the State, except that the requirements of said laws as to the form of ballots and the making of nominations of candidates, shall not apply. Every qualified elector resident within the district for the period requisite to enable him to vote at a general election, shall be entitled to vote at the election. At such election the last great register of the county shall be used, and any elector whose name is not upon such great register shall be entitled to vote upon producing and filing with the board of election a certificate, under the hand and seal of the county clerk, showing that his name is registered and uncanceled upon the great register of such county, provided that he is otherwise entitled to vote.

The officers of the election must publicly canvass the votes immediately after the closing of the polls, and must certify the result within twenty-four hours after the closing of the polls to the boulevard commission. Said commission shall within five days after the day of election canvass said returns, and shall make, sign and deliver certificates of election to the person or persons elected.

SEC. 9. Every boulevard district formed under the provisions of this Act shall have power to have and use a common seal alterable at the pleasure of the boulevard commission, to sue and be sued by its name; to lay out, establish, construct, acquire and maintain one or more boulevards within the district, and for this purpose to acquire by purchase, gift, devise, condemnation proceedings or otherwise real and personal property and rights of way within the district, and to pay for and hold the same, to make and accept any and all contracts, deeds, releases and documents of any kind which shall be necessary or proper to the exercise of any of the powers of the district, and to direct the payment of all lawful claims and demands against it, to issue bonds as hereinafter provided, and to provide for the payment of the same and the interest thereon; and to cause to be levied taxes sufficient when directed by a vote of the people of the district for the construction, maintenance, or repair of said boulevard, and the running expenses of the district; to employ all necessary engineers, surveyors, agents and workmen to do the work on said boulevard and in said district; and generally to do and perform any and all acts necessary or proper to the complete exercise and effect of any of its powers or the purposes for which it was formed.

SEC. 10. The officers of the district shall be three members of the boulevard commission, and their term of office shall be for two years. No person shall be eligible to act as a commissioner who has not been a bona fide resident and freeholder of the district for at least one year prior to his election or appointment. Any vacancy in the commission shall be filled by appointment for the unexpired term by the board of supervisors of the county in which said district is located, but no member of the board of supervisors shall be eligible to membership on said commission, or to hold any position in connection therewith. Each commissioner shall give a bond to the boulevard district for the faithful performance of his duties in the sum of five thousand dollars, to be approved by the judge of the superior court.

SEC. 11. The boulevard commission shall be the governing body of the district, and shall exercise all the powers thereof. At its first meeting, or as soon thereafter as may be practicable, the commission shall choose one of its members as president, and another of its members as secretary. All contracts, deeds, warrants, releases, receipts and documents of every kind shall be signed in the name of the district by its president, and shall be countersigned by its secretary. The commission may

hold such meetings, either in the day or in the evening, as may be convenient. In case of the absence or inability to act of the president or secretary, the board shall by order entered upon its minutes, choose a president pro tem. or secretary pro tem., as the case may be.

SEC. 12. Any boulevard constructed under this Act may be constructed over, along, or upon any county road or public highway, or any part thereof, and the moneys belonging to such boulevard district may be expended in the improvement of such road or highway to conform to the width and general character of the balance of the boulevard.

By the term "boulevard" as used herein is meant a highway of limited dedication and use, not less than thirty, and not more than one hundred feet in width, and upon, along, and over which no franchise for telephone, telegraph or electric wires or poles, or for the operation or running of cars or vehicles upon fixed tracks or rails thereon, shall be granted; and any easements granted or condemned for the building of said boulevard shall be so granted or condemned, *provided*, that nothing herein shall be deemed to apply to or as preventing the granting of such franchise or limiting the use of wagons across said boulevard, on, over and along intersecting streets and highways.

SEC. 13. At any time after the district is organized, the boulevard commission may, by order entered in the minutes of the meetings of said commission, call an election for the purpose of determining whether bonds shall be issued for the construction of such boulevard. Such order shall fix the day of the election and shall specify the amount of money to be raised, and shall state in general terms the purpose for which it is to be raised. A copy of such order shall be posted for four successive weeks prior to the election in at least three public places within the district, and shall be published for four successive weeks prior to the election in some newspaper published within the district, if there be one, and if not, in some newspaper published at the county seat. It shall be sufficient if the order be published once a week.

SEC. 14. At any time prior to the day fixed for the election the commission shall select one, and may select two, polling-places within the district, and appoint one inspector, one judge and one clerk for each precinct to conduct the same, and shall make all necessary and proper arrangements for holding the election. The ballots shall contain the words "For the Issuance of Bonds", or "Against the Issuance of Bonds". The election shall be conducted in accordance with the general election laws of the State, so far as the same may be applicable, except as herein otherwise provided. Every qualified elector resident within the district for the length of time necessary to enable him to vote at a general election shall be entitled to vote at the election. After the votes shall have been counted and the result announced by the election officers the ballots shall be sealed up and delivered to the secretary or president of the boulevard commission, and said commission shall within two days thereafter proceed to canvass the same and shall enter the result upon its minutes. Such entry shall be conclusive evidence of the fact and regularity of all prior proceedings of every kind and nature provided by this Act or by law, and of the facts stated in such entry. If, at such election, two thirds of the votes cast be in favor of the issuance of bonds, the said commission shall have full power and authority to issue and dispose of said bonds as proposed in the order calling the election and as hereinafter provided.

The boulevard commission shall advertise for bids for constructing such boulevard, or for doing any repair or maintenance work thereon, in accordance with plans, profiles, and specifications to be prepared by said commission, by publishing a notice thereof for three successive weeks in a weekly newspaper published within the boulevard district, if such newspaper is published therein; otherwise in a newspaper published at the county seat. Every contract for doing any part of said work shall be let, after advertisement as herein provided, to the lowest responsible bidder, who shall give a bond to the boulevard district for the faithful performance of his contract, with sureties satisfactory to said commission in an amount equal to at least fifty per cent of the amount of the contract price, which shall be stated in said advertisement, *provided, however*, that the commission may make contracts, without advertisement, for any work on said boulevard the cost of which does not exceed one thousand dollars; and *provided, further*, that the commission may reject any or all bids and may thereupon readvertise for bids for doing any part or the whole of said work; or may do said work without letting any contract therefor when the amount of the work is less than one thousand dollars. Said commission may hire all necessary engineers, inspectors and superintendents to supervise the performance of contracts entered into by said commission, or to have charge of the doing of all work done without contract.

SEC. 15. All bonds issued under the provisions of this Act shall be of such denomination as the boulevard commission may determine, except that no bonds shall be of less denomination than one hundred dollars nor of a greater denomination than one thousand dollars. Said bonds shall be payable in gold coin of the United States at the office of the county treasurer of the county wherein said district is situated, and shall bear interest at a rate not exceeding seven per centum per annum; which interest shall be payable semi-annually in like gold coin. Not less than one

twentieth part of the total issue of bonds shall be payable each year, on a day to be fixed by the commission and specified in the bonds. Each bond shall be signed by the president and countersigned by the secretary of the boulevard commission, and said bonds shall be numbered consecutively, beginning with number one, and shall have coupons attached referring to the number of the bond to which they are attached, which coupons shall be signed by the president and countersigned by the secretary of said commission. The bonds must be sold or disposed of by the boulevard commission in such manner and in such quantities as may be determined by said commission in its discretion, but no bond must be sold for less than its face value. The proceeds of such sale shall be deposited with the county treasurer and shall be by him placed in the fund to be called the boulevard construction and maintenance fund of ----- boulevard district (naming it): the money in such fund shall be used for the purpose indicated in the order calling the election upon the question of the issuance of bonds, *provided*, that any money remaining in said fund on completion of the work contracted for, shall be expended in the betterment and maintenance of said boulevard. If the result of the election be against the issuance of bonds no other election upon the question shall be called or held for six months.

SEC. 16. The commissioners must on or before the first meeting of the board of supervisors in September of each year, furnish the supervisors and the auditor of the county wherein the district is situated, an estimate in writing of the amount of money needed for the purpose of the district for the ensuing fiscal year. The amount must be sufficient to pay off the annual interest accruing upon said bonds, as it falls due, and also to pay one twentieth part of the principal of said bonds, to pay the estimated cost of repairs and maintenance of the boulevard and the running expenses of the district.

SEC. 17. The board of supervisors of any county wherein is situated a boulevard district, must annually at the time of levying county taxes, levy a tax to be known as the "----- (name of district) boulevard district tax", sufficient to raise the amount reported to them as herein provided, by the boulevard commission. The supervisors must determine the rate of such tax by deducting fifteen per cent for anticipated delinquencies from the total assessed value of the real property of the district within the county, as it appears on the assessment roll of the county, and dividing the sum reported by the boulevard commission as required to be raised by the remainder of such total assessed value. The tax so levied shall be computed and entered on the assessment roll by the county auditor, and if the supervisors fail to levy the tax as provided in the preceding section, then the auditor must do so. Such tax shall be collected at the same time and in the same manner as state and county taxes, and when collected shall be paid into the county treasury for the use of said district, and the purposes herein specified. The provisions of the Political Code of this State prescribing the manner of levying and collecting taxes and the duties of the several county officers with respect thereto are, so far as they are applicable and not in conflict with the specific provisions of this Act, hereby adopted and made a part hereof. Such officers shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this Act.

SEC. 18. The treasury of the county wherein the district is situated shall be the repository of all the funds of the district. The treasurer of the county shall receive and receipt for the same, and shall place the same to the credit of the district. He shall be responsible upon his official bond for their safe-keeping and disbursement in the manner herein provided.

SEC. 19. The following funds are hereby established to which the money belonging to the district shall be apportioned by the treasurer, to wit, bond fund, construction and maintenance fund, and district expense fund. The treasurer shall pay out the same only upon warrants of the boulevard commission, signed by the president and attested by the secretary. The treasurer shall report in writing to the commissioners whenever requested by them or the secretary the amount of money in the various funds, the amounts of receipts since his last report and the amounts paid out.

SEC. 20. The amount to be raised by the issuance of bonds on the taxable property within said district, shall in the aggregate not exceed seventy-five per cent of the estimated cost of acquiring the right of way therefor and the constructing said boulevard, as given in the estimates to be furnished by the county surveyor. The balance of twenty-five per cent shall be paid out of the general road fund of the county. Seventy-five per cent of the cost of maintenance and repair of said boulevard shall be paid by the boulevard district and twenty-five per cent of the cost of such maintenance and repair thereof shall be paid out of the general road fund of the county.

SEC. 21. When directed by the boulevard commission of said district, and before the calling of any election for the issuance of bonds, the county surveyor shall prepare a map showing the location of said proposed boulevard; also showing a cross-section and profile of said proposed boulevard, together with specifications for the construction thereof, and an estimate of the cost of acquiring the right of way therefor, and of the construction of said boulevard.

SEC. 22. There shall be filed, with said board of supervisors at the time of the

filing of the petition for the organization of said boulevard district with said board, a bond in the sum of not more than three hundred dollars, with two sufficient sureties, to be approved by said board, who shall each qualify in double the amount of said bond, conditioned that they will pay the expense and cost of said election in an amount not exceeding the amount mentioned in said bond, in case the proposition to organize said district shall be defeated at said election.

SEC 23. The district may at any time be dissolved upon the vote of two thirds of the qualified electors thereof at an election called by the boulevard commission upon the question of dissolution. Upon a petition signed by a majority of the electors of said district, asking for the dissolution of said district, the boulevard commission shall within thirty days after receiving said petition, by resolution, order that an election be held in the said district for the determination of the question, and appoint three qualified electors thereof to conduct said election. Such election shall be called and conducted in the same manner as other elections of the district. Upon such dissolution, any property which may have been acquired by such boulevard district shall vest in any incorporated town or city where said boulevard district shall be wholly within or be identical with the corporate limits of such incorporated town or city; and the property in the territory of said district outside of the limits of such incorporated town or city shall vest in the county board of supervisors; and if there be no such incorporated town or city, then such property shall vest in the board of supervisors of the county wherein such boulevard district is situated until the formation of such incorporated town or city; *provided, however*, that if at the time of the election to dissolve such district there be any outstanding bonded indebtedness of such district, then, in such event, the vote to dissolve such district shall dissolve the same for all purposes excepting only the levy and collection of taxes for the payment of such outstanding indebtedness of such district; and from the time such district is thus dissolved until such bonded indebtedness with the interest thereon is fully paid, satisfied and discharged, the legislative authority of such incorporated town or city, or the board of supervisors, if there be no such incorporated town or city, is hereby constituted *ex officio* the boulevard commission of such district. And it is hereby made obligatory upon such board to levy such taxes and perform such other acts as may be necessary in order to raise money for the payment of such indebtedness, and the interest thereon, as herein provided.

SEC 24. That certain Act entitled "An Act to provide for the formation of boulevard districts, and the construction, maintenance, and use of boulevards, and defining the term boulevard," approved March 22, 1905, and the Act amendatory thereof, approved April 15, 1909, are hereby repealed.

ADDRESS.

On motion of Mr. Slater, the following address by Mr. Bennink, on Assembly Bill No. 1029, was ordered printed in the Journal:

MR. SPEAKER AND MEMBERS OF THE ASSEMBLY: This bill appropriating money for the Grand Army Encampment, to be held in this State, is in line with its previous action.

In 1886 some 40,000 survivors of that great conflict of men to whose unfaltering courage and loyal support in the hour of greatest danger, even a Grant, a Farragut, a Sherman, a Sheridan were indebted for their success and without whose courage and loyal support in the hour of greatest danger, even their matchless courage and ability would have been of little avail, at the invitation of the great State of California, crossed this wide continent to hold their national encampment in the city of San Francisco. And I well remember our arrival there. From north to south, from east to west, that magnificent city was one mass of red, white and blue, and the flag of our country—the Stars and Stripes—waved as freely over the home of the poor man as over the palace of the rich.

Two days after, we visited the city of Oakland, and there ten thousand children, each waving a flag, gave us a hearty welcome, and bade us come again.

In 1903 again was that invitation extended and again the scenes of '86 were repeated; and now it is proposed for the third and last time to invite these men to visit this State, and it must be the last, for that step, once buoyant with youth and vigor, at whose tread the continent shook, and whose onward march told Freedom's advance, is hastening by, and soon naught but the echoes of the last retreating footsteps will remind you that these men ever were.

There will be a shake of the hand, a touch of shoulder to shoulder as they march through our streets, and then farewell—a long farewell—for never again can those men visit the hospitable State of California.

I hope this bill will receive your hearty support.

SENATE CONCURRENT RESOLUTION No. 18

Inviting the National Encampment of the Grand Army of the United States to hold its forty-sixth annual encampment in the city of Los Angeles, California.

WHEREAS, The Grand Army of the Republic, representing and composed of the survivors of the great army of the Union which fought the battles for the integrity of the republic from 1861 to 1865, has, during its forty-five years of existence, held its annual encampments but twice on the Pacific coast, viz. San Francisco in 1886, and again in San Francisco in 1903, and

WHEREAS, The people of the State of California are desirous of again seeing this gallant body of men, once the flower of the youth and manly strength of the country, now well advanced in years, as the guests of the State of California, that its people may be enabled to extend to them the hospitality of highly honored guests, and that the children of the State may have the opportunity of seeing those who have been spared of that grand army, thereby inciting them to an increased reverence to the principles of patriotism which a passing through our streets under the tattered battle flags of a half century ago can not fail to inspire, and

WHEREAS, An invitation was extended by the Governor and the State Legislature to the National Encampment of the Grand Army of the Republic to hold its session in Los Angeles in 1911, but in the wisdom of the National Encampment it was found impossible to accept this invitation for that year; and

WHEREAS, The three Grand Army posts of Los Angeles—Bartlett-Logan No. 6, Stanton No. 55, and Kenesaw No. 106, and the Department of California and Nevada, G. A. R., through its council of administration, have renewed their invitation to the Grand Army to hold its forty-sixth National Encampment in Los Angeles in 1912.

Now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring (a majority of all members elected to each house voting for the adoption of this resolution and concurring therein), That the forty-sixth National Encampment of the Grand Army of the Republic be, and is hereby, invited to hold its annual encampment in the year 1912 in the city of Los Angeles, State of California.

It shall be unlawful as prescribed within the provisions of this Act for any person by himself, his servant or agent, or as the servant of any other person, or as the servant or agent of any firm or corporation, to sell or offer or expose for sale or to dispose of or to have in possession with intent to sell or dispose of, any manufactured or otherwise prepared mixed paints, roof or floor paints, or especially made-up or "exempted" paints as described and provided for in the latter part of Section 1 hereof, and designed to be used for exterior or interior "house paints," for buildings of any sort or description, or barns, sheds, fences and constructions of any description whatsoever, and which said paints are to be known, described, labeled, marked or advertised as "first-class," "standard grade," "unadulterated" or "pure paints" or any classification thereof, and which said paints are for the purposes of this Act declared to be standard house paints unless such said paints contain not less than sixty per cent of pigments and not more than forty per cent of fluids or liquids otherwise known as "vehicles", it being further understood that as to the proportion of pigments contained therein that not less than two thirds of said pigments shall be basic carbonate or basic sulphate of lead (and so stated), and, the remainder shall be not more than one third oxide of zinc, the latter one third proportion including any or all inert materials or coloring matters used in the secret process of manufacture of said paints or compounds, but that in no case of any analysis of any of the aforesaid paints shall there be not more than ten per cent of said inert materials and coloring matter, nor two per cent of total mixed paint compound so included as water and it must be so stated in the analysis, thereby giving that amount of margin for purposes of not disclosing "formula" or other "secret" processes of manufacturing and of covering any such organic ingredients as lamp black, carbon, coal tar dyes, etc., that enter into the manufacturing processes of said paints. For the further classification of "roof" and "floor" paints it is hereby defined that the proportions of pigments to liquids can be as forty per cent to sixty per cent, thus reversing the proportion so used for "house paints", otherwise all conditions and provisions described for house paints to cover these two latter classifications. It being further provided that nothing in the province or limits of this Act is to prevent any person, firm or corporation from manufacturing, disposing of or dealing in or selling such above mentioned articles as are described in Section 1 hereof, or their servants or agents, from preparing, making, mixing, compounding or manufacturing or offering or exposing for sale, or having in possession with intent to sell, any prepared, mixed "house paints" other than those brands described in this section as "first-class," "standard," "unadulterated" or "pure paints", except that said person, firm or corporation, their servants or agents, so making, mixing, compounding or manufacturing or selling or exposing for sale, or having in possession with intent to sell, use or dispose of such said white leads, pigments, varnishes, stains, kalsomines, paint mixtures, turpentines, paint oils, or compounds used as such, or colors ground in oil or japan, or in paste or semi-paste state, and linseed oil intended to be used as such, either in liquid or dry state, in cans, packages or

containers of any size, quantity, sort or description whatsoever, provided they do not misbrand or mislabel them as "first-class," "standard," "unadulterated" or "pure", or any combination or qualification of those words, and that the analysis showing the exact percentage of each mineral constituent or proportion thereof for pigments and vehicles (or liquids containing such pigments) be printed as a label on each and every can, package or container of any sort or description as is hereinabove provided in Section 1 hereof, and that the same ten per cent of total analysis be allowed if the person, firm or corporation, their agent or servant, who makes, mixes, prepares, sells or offers for sale, disposes of or uses for another, or has in his possession with intent to sell, and so desires it, for "inert" materials, "coloring" matters, or other "mysterious" compounds used in the preparation of the "secret" process of manufacturing so as to "protect" said person, firm or corporation, their servant or agent, from "exposing" their "formula." Whatever water is used in such paints, mixtures, compounds, stains, kalsomines, liquids, etc., as above enumerated, must be published on label in extra black-faced type and labeled "water" and not its chemical equivalent or atomic formula. The public or purchaser must know exactly what percentage of water is used in the composition of the article purchased.

SEC 4. The having in possession by any person, firm or corporation dealing in said articles, or all the liquids, pigments, compounds or mixed paints mentioned in the preceding paragraphs as coming within the province of this Act, or by their servants or agents of any article or substance within the limits of this Act or as hereinabove designated and marked or labeled contrary to the provisions hereof, shall be prima facie evidence that the same is kept by such person, firm or corporation or their said servants or agents, in violation of the provisions hereof, *provided, however*, that no article of paint shall be deemed adulterated, mislabeled or misbranded within the provisions of this Act when prepared for export beyond the jurisdiction of the State of California and prepared or packed according to specifications or directions of the foreign purchaser and when those substances used in the preparation or packing thereof in conflict with the laws of the foreign country or adjoining or any other state or possession of this country, to which said article is intended to be shipped, but if such paint shall be in fact sold or kept or offered for sale for domestic local or state uses and consumption, then this proviso shall not exempt said articles or the makers, their agents or servants, or the vendors thereof from the operation of any of the provisions of this Act.

SEC 5. No person by himself, his agent or servant, or as the servant or agent of any other person or as the servant or agent of any firm or corporation, shall sell, offer or expose for sale, or have in possession with intent to sell as and for "pure raw flaxseed oil" or "pure raw linseed oil" any oil unless the same is obtained from the seeds of the full grown and matured flax plant, and unless it be thoroughly strained, settled, transparent, free from suspended matter, and have the properties of well-aged oil; flash point (open cup) not less than 280 C; viscosity twenty degrees (°) as determined by Engler viscosimeter (water being 100), not less than 770, and unless same fulfils all the requirements for linseed oil laid down in the eighth decennial revision of the United States Pharmacopœia, or subsequent edition thereof, or as and for "boiled linseed oil" or "boiled flaxseed oil," any oil unless the same shall have been prepared by heating pure raw linseed oil, with or without the addition of not to exceed four per cent of drier, to a temperature not less than two hundred and twenty-five degrees Fahrenheit, and for the purpose of this Act, it shall also be deemed a violation of this Act if said boiled linseed oil does not conform to the following requirements:

First—Its specific gravity at sixty degrees Fahrenheit must be not less than nine hundred thirty-five thousandths (0.935) and not greater than nine hundred forty-five thousandths (0.945).

Second—Its saponification value (Koettstorfer figure) must be not less than one hundred eighty-six (186).

Third—Its iodine number must not be less than one hundred sixty (160).

Fourth—Its acid value must not exceed ten (10).

Fifth—The volatile matter expelled at two hundred twelve (112) degrees Fahrenheit must not exceed one half of one per cent.

Sixth—No mineral or other foreign oil or fresh rosin shall be present, and the amount of unsaponifiable matter as determined by standard methods shall not exceed two and five tenths (2.5) per cent.

Seventh—The film left after flowing the oil over glass and allowing it to drain in a vertical position, must dry free from tackiness in not to exceed twenty hours, at a temperature of about seventy degrees Fahrenheit. Nor shall any person, by himself, his servant or agent, or as the servant or agent of any other person, or as the servant or agent of any firm or corporation, sell, expose or offer for sale, or have in possession with intent to sell, any raw or boiled linseed oil, unless it is so done under its true name, and each tank can, tank, barrel, keg, can or vessel of such oil has distinctly and durably painted, stamped, stenciled or marked thereon the true name of such oil in ordinary bold-faced roman capital letters not less than 5-line pica in size, in the words "Pure Linseed Oil—Raw" or "Pure Linseed Oil—Boiled," as the case may be, and the name and address of the manufacturer and distributor

thereof. The word "linseed" or "flaxseed," or any compounding of the word "linseed" or "flaxseed" shall not be used on any other than the above described pure linseed oil.

SEC. 6. No person, firm or corporation, either directly or indirectly, through a servant or agent, shall manufacture, mix for sale, sell, or offer for sale or dispose of or use for another person or persons under the name of turpentine, or spirits of turpentine, or any compounding of the word turpentine, or under any name or device illustrating or suggesting turpentine, or spirits of turpentine, any article which is not wholly distilled from pure rosins, turpentine gum, or scrape from pine or coniferous trees, and unmixed and unadulterated with oil, petroleum products, or hydrocarbon of that kind or description, or any other foreign substance of any kind whatsoever. (See definition of this term in Section 2 hereof.)

SEC. 7. Nor shall any person by himself, his agent or servant, or as the servant or agent of any other person, firm or corporation sell or expose for sale or have in his possession with intent to sell as and for dry white lead, any substance which is labeled or branded dry white lead other than carbonate of lead or sulphate of lead, nor offer or expose for sale or have in possession with intent to sell as and for white lead in oil any product which is labeled or branded white lead in oil other than carbonate of lead ground in pure linseed oil, or sulphate of lead ground in pure linseed oil, and that has "aged" for at least six months from date of first grinding thereof, or sell, offer or expose for sale, or have in possession with intent to sell, any carbonate of lead, ground in linseed oil, unless each keg, can or other receptacle containing the same has distinctly and durably painted, printed, stamped, stenciled or marked thereon in letters not smaller than 24-point black faced roman capital letters in plain English language on white background, the words "Carbonate of White Lead in Oil" or "Sulphate of White Lead in Oil"

SEC. 8. Any person, agent, firm or corporation who violates any of the provisions of this Act shall be deemed guilty of a misdemeanor and upon conviction thereof shall, for each offense, be punished by a fine of not less than twenty-five dollars and not more than one hundred dollars, with costs, or by imprisonment in the county jail not exceeding sixty days, or both, for second and subsequent offenses.

SEC. 9. The State Board of Health, together with its assistants and deputies, are charged with the proper enforcement of all the provisions of this Act. They are to assist in the analysis of white leads, pigments, varnishes, stains, kalsomines or floor paints, paint mixtures of any kind, turpentines, paint, oils or compounds used as such, and linseed oil or compound intended to be used as such, and the State Board of Health may, with the advice and consent of the Governor, appoint an expert chemist and two inspectors if it is found that the present help in this department is insufficient to attend to this work, or unless the help and assistance provided for by other statutes enacted by this or subsequent legislatures is insufficient to carry on the work provided for under this Act. Said chemist and deputies shall be paid in the same manner as is provided by law for the payment of salaries of other state officials and employees. The salary of the expert chemist shall be two thousand dollars per annum, and the salary of the inspectors shall be twelve hundred dollars each per annum. There shall also be paid to said chemist and inspectors their necessary and actual expenses incurred in the discharge of their official duties, on the approval and recommendations of the State Board of Health, and the State Controller is herewith authorized and empowered to issue his warrants upon the State Treasurer for payment of said salaries, so provided, out of any funds in the state treasury not otherwise appropriated.

SEC. 10. The State Board of Health, its assistants, experts, chemist, analysts, agents and inspectors shall be duly authorized and empowered for the purpose and shall have access and ingress to all places of business, salesrooms, storage rooms, factories, stores and buildings used in the manufacture or sale of white lead pigments, varnishes, stains, kalsomines, roof or floor paints, paint mixtures of any kind, turpentine, paint, oils or compounds used as such and linseed oil or compounds intended to be used as such. They shall also have power and authority to open any package, can, jar, tank or tank car, tub or other container or receptacle of any kind or description whatsoever, containing white lead or other compounded or manufactured paints, pigments or liquids as above enumerated and that may be sold, used or disposed of or offered for sale or intended for sale or manufactured or exposed for sale in violation of any of the provisions of this Act.

EXPLANATION OF VOTES

The following were sent to the desk and ordered printed in the Journal:

MR. SPEAKER: I take this occasion to protest against amendments Nos. 5, 6, and 7 to Assembly Bill No. 887, on the ground that these amendments are unfair to Mono and Inyo counties, which, owing to their geographical position, should in my opinion, have separate representation in the Legislature.

F. G. STEVENOT,

Eleventh Assembly District

MR. SPEAKER: In explanation of my vote, I desire to state I voted "No" because I believe Inyo and Mono counties are entitled to representation in the Assembly in a more fitting manner than the present bill provides, and also that no possible warrantable reasoning can be deduced whereby counties that are dissimilar in industries should be amalgamated in a common district.

ARTICLE XIX.

ELECTIONS.

Sec. 194. Elections to be held in said city for the purpose of electing the officers of said city and for all other purposes, are of three kinds:

- (1) Primary nominating elections.
- (2) General municipal elections.
- (3) Special elections.

Sec. 195. General municipal elections shall be held in said city on the first Tuesday in December of every odd numbered year, commencing with the year 1911. At the general municipal election in 1911 all the elective officers of said city provided for by this charter shall be elected.

Sec. 196. The officers elected at a general municipal election shall, after they have qualified as provided in this charter, enter upon the discharge of the duties of the offices to which they have been elected, on the first Monday in January of the year succeeding their election, at twelve o'clock M., and shall, except as otherwise provided in this charter, serve for four years, and until their successors have been elected and qualified; *provided*, that any person elected to fill a vacancy shall, after

qualifying as herein provided, enter at once upon the discharge of the duties of the office to which he has been elected and shall serve for the remainder of the term and until his successor shall have been elected and qualified.

Sec. 197. In the event of a vacancy in the office of member of the board of education said board shall fill the same by appointment, and in the event of a vacancy in any other elective office the council shall fill the same by appointment. In each case, the person so appointed shall hold office until the election and qualification of a person to fill the vacancy for the unexpired term, which election shall take place at the next succeeding general municipal election, if any, occurring prior to the expiration of such term; and if no such election shall so occur, then such appointed person shall hold office for the unexpired term.

Sec. 198. The council shall have power to submit to the electors of said city at any election any proposition or question or ordinance required or authorized to be so submitted by the Constitution of the State of California, the law, this charter, or by ordinance; *provided*, that in case such proposition or question is required by the said constitution, law, charter or ordinance to be submitted at a special or other particular kind of election, it shall be so submitted, and not otherwise.

THE INITIATIVE

Sec. 198a Any proposed ordinance which the council itself might adopt, may be submitted to the council by a petition filed with the city clerk, as provided in Section 198b, praying for the adoption of such ordinance, or, if the same be not adopted, that such ordinance be submitted to a vote of the electors of the city. Any such petition shall be known as an initiative petition. Such petition shall set forth the proposed ordinance in full, and shall be signed by qualified electors of the city equal in number to the percentages hereinafter prescribed. The basis upon which such percentages of qualified electors of the city shall be estimated shall be the total number of votes cast for all candidates for the office of mayor at the last general municipal election prior to the filing of such petition at which a mayor was elected.

Sec. 198b. Any petition submitting a proposed ordinance to the council, as provided in this article shall be in form, and shall be signed, filed and certified as follows

In making such petition sheets of white paper of a uniform size shall be used which shall be substantially twelve by thirty inches. Such petition shall consist of separate papers, as follows. Each paper shall consist of a sheet or sheets, containing the proposed ordinance with additional sheet or sheets, for the signatures thereto, *provided, however*, that if any paper consist of more than one sheet it shall be and remain securely fastened together at the top. The signatures need not all be appended to one sheet or paper. The proposed ordinance, as set forth in any paper, shall be followed by the signatures. Such petition shall be signed by qualified electors of the city in their own proper persons only, and opposite the signature written by each signer his residence shall be written by him, giving the street and number, when such designation by street and number can be given, or if the signer be unable to write, then such signature and residence shall be written by some person at his request, and the same identified on the margin by the signature of the person making the affidavit hereinafter provided. Each such paper shall have attached thereto at the bottom of the last sheet thereof the affidavit of a qualified elector of the city stating that all of the signatures on each sheet thereof were made in his presence, and that all of the sheets constituting such paper were fastened together at the time such signatures were appended thereto; and that to the best of his knowledge and belief each signature is the genuine signature of the person whose name purports to be thereunto subscribed. Each of the other sheets of such paper, containing signatures, shall be identified by the signature of the person making such affidavit.

Within ten days from the date of the filing of such petition, the city clerk shall examine the same and ascertain whether or not said petition is signed by the requisite number of qualified electors of the city, and if requested by the city clerk, the council shall authorize him to employ persons specially for that purpose, in addition to the persons regularly employed in his office, and the provisions of the charter respecting the classified civil service of the city shall not apply to the person so specially employed. When the city clerk has completed his examination of the petition, he shall attach to the same his certificate, properly dated, showing the result of such examination, and if from such examination he shall find that said petition is signed by the requisite number of qualified electors of the city, or is not so signed, he shall certify that the same is sufficient or insufficient, as the case may be. If by the certificate of the city clerk the petition is found to be insufficient, it may be amended by filing a supplemental petition or petitions within ten days from the date of such certificate. The city clerk shall, within ten days after the filing of such supplemental petition or petitions, make like examination of the same and certify to the result of such examination as hereinbefore provided. If his certificate shall show any such petition or any such petition as amended, to be insufficient, it shall be retained by him and kept as a public record, without prejudice, however, to the filing of a new petition to the same effect. But if, by the certificate of the city clerk, such petition, or such petition as amended, is shown to be sufficient, the

city clerk shall present the same to the council without delay. The sufficiency or insufficiency of such petition shall not be subject to review by the council.

If any supplemental petition be filed, all the signatures appended to the petition and to the supplemental petition or petitions shall be considered in determining the number of qualified electors signing the initiative petition.

Any signer to a petition or supplemental petition, may withdraw his name from the same by filing with the city clerk a verified revocation of his signature before the filing of the petition, or supplemental petition, with said city clerk. No signature can be revoked after the petition to which it is attached or supplemental petition has been filed. The city clerk shall endorse on said petition and on any supplemental petition the name of the person or persons who filed the same, respectively.

If any signature to such petition or supplemental petition be called in question, the city clerk shall forthwith mail notice to such purported signer, stating that his name is attached to such petition or supplemental petition, and cite him to appear before him forthwith to answer whether such signature is genuine. If the city clerk finds that any signature is not genuine, he shall strike the same from such petition. After an election based on any initiative petition, the sufficiency of such petition in any respect shall not be subject to judicial review or be otherwise questioned.

Sec 113c. If the petition praying for the adoption by the council of any proposed ordinance, or if the same be not adopted, for the submission of such ordinance to a vote of the electors of the city, be signed by fifteen per centum of the qualified electors of said city estimated upon the basis aforesaid, then the council shall either:

(a) Pass said ordinance, without alteration, within twenty days after the presentation of such petition to the council by the clerk; and if the council shall fail to pass said ordinance within said time, or if the same shall be passed by the council, but shall be vetoed by the mayor, and on reconsideration by the council, said ordinance shall fail of passage over the mayor's veto, the council shall thereupon, within ten days after it shall have so failed of passage, call a special election at which said proposed ordinance, without alteration, shall be submitted to a vote of the qualified electors of said city; such election shall be held not more than fifty days from the date of the meeting of the council at which said ordinance so failed of passage, *provided, however*, that if a general or special municipal election for any other purpose shall be called and held in said city within said fifty days, then such ordinance shall be submitted at said election, or.

(b) Forthwith after the presentation of such petition to the council, it shall call a special election for the purpose of submitting said ordinance to a vote of the electors of the city, and such election shall be held not more than fifty days from the date of the presentation of such petition to the council by the city clerk, *provided, however*, that if a general or special municipal election for any other purpose shall be called and held in said city within said fifty days, then such ordinance shall be submitted at such election.

Any ordinance proposed by initiative petition and passed by the council and approved by the mayor, or passed by the council and passed over the mayor's veto, shall be subject to the referendum by petition as herein provided in the case of other ordinances.

If the said petition be signed by at least five per centum but less than fifteen per centum of the qualified electors of said city, estimated upon the basis aforesaid, then such ordinance, without alteration, shall be submitted by the council to a vote of the electors of the city at the next general municipal election or at any special election prior thereto, that shall be held at any time after twenty days from the date of the presentation of said petition to the council.

In the event that said petition prays for the adoption of a proposed ordinance amending or repealing an ordinance theretofore proposed by petition and adopted by a vote of the electors, and is signed by qualified electors of said city equal in number to fifteen per centum of the qualified voters of said city estimated on the basis aforesaid, then, but not otherwise, the council must submit such proposed ordinance to a vote of the electors of the city at the next general municipal election or at any special election prior thereto, that shall be held at any time after twenty days from the date of the presentation of such petition to the council.

Sec 118d. Any person or persons filing an initiative petition, or the person or organization on whose behalf such petition is filed, shall have the right to file with the city clerk at least twenty days prior to the election at which the ordinance proposed by such petition is to be submitted to a vote of the electors of the city, printed copies of an argument favoring said proposed ordinance, and the council shall have the right to present or permit to be presented and filed with the city clerk within the same limit of time, printed copies of an argument opposing said ordinance. No such argument shall exceed two thousand words in length, and such argument shall be printed in such form and upon such character of paper, suitable for mailing, as the city clerk shall prescribe. The city clerk shall enclose one copy of each such argument with the sample ballot and a copy of the proposed ordinance mailed to each voter, provided he has been furnished with printed copies of such argument equal in number to five per centum in excess of the total number of qualified electors of the city. Nothing in this section contained shall authorize the council to expend money of the city for the formulating or printing of any such argument.

Sec. 198e. If a majority of the qualified electors voting on any ordinance proposed by petition shall vote in favor thereof, such ordinance shall become an ordinance of the city upon the declaration by the council of the result of the election at which such proposed ordinance was submitted, and any such ordinance adopted by a vote of the qualified electors of the city voting thereon, cannot be repealed or amended except by an ordinance proposed by petition and adopted by vote of the electors, as hereinbefore provided or by an ordinance submitted by the council to a vote of the electors of the city and so adopted as hereinbefore provided or by any amendment to this charter repealing the same.

THE REFERENDUM

Sec. 198f. The council shall have power and is hereby authorized, to submit to a vote of the qualified electors of the city, at any general or special election, any proposed ordinance, order or resolution that the council itself might adopt. If a majority of the qualified electors voting on such proposed ordinance, order or resolution vote in favor of the same, it shall be deemed to be adopted and shall take effect upon the declaration of the result of such election by the council, and it shall have the same force and effect as an ordinance adopted under the provisions of this article relating to the referendum.

Sec. 198g. No ordinance passed by the council shall go into effect until the expiration of thirty days from its publication, except an ordinance ordering or otherwise relating to an election, and an ordinance establishing or changing the name or curb lines of, or respecting the establishment or change of grade of, or the improvement, in any manner of, or the opening, widening, straightening or extension of, streets, boulevards, alleys, courts or other public places, and an ordinance respecting the construction of sewers or storm drains, or respecting the bringing or conduct of suits or actions or the levying or collection of local assessments upon private property, for any of said purposes, or respecting the condemnation of lands for parks, boulevards or playgrounds under laws or ordinances providing for the payment of the expense thereof by local assessments upon private property, and any ordinance authorized or required by the laws of this State, or by or under the provisions of this charter, respecting the improvement of streets or other public places, and an ordinance required for the immediate preservation of the public peace, health or safety, which shall contain a specific statement showing its urgency, and is passed by a three-fourths vote of the council, but all ordinances of any of the classes heretofore excepted by this section shall take effect upon their publication. No grant of any franchise, right or privilege shall ever be construed to be an urgency measure, but all grants of franchises, rights or privileges shall be subject to a referendary vote as hereinafter provided. No ordinance, order or resolution passed by the council making or authorizing any contract shall go into effect until the expiration of thirty days from the publication of such ordinance or the adoption of such order or resolution except contracts for street or other public improvements, the cost and expenses whereof are to be paid by local assessments, and contracts that require the payment by the city of less than twenty-five thousand dollars, and except any ordinance, order or resolution of the council authorizing the sale or issuance of bonds of the city.

Sec. 198h. At any time within the thirty days mentioned in the preceding section, a petition addressed to the council, and signed by qualified electors of said city equal in number to at least ten per cent of such qualified electors computed upon the basis for estimating percentages specified in Section 198a hereof, may be filed with the city clerk, demanding the submission of any ordinance, order or resolution passed by the council, to a vote of the qualified electors of said city, except any ordinance, order or resolution which shall take effect as provided in the preceding section. Any such petition shall be known as a referendary petition, and shall contain the ordinance, order or resolution in full, the submission of which to a vote is thereby demanded. Such vote shall be known as a referendary vote.

The provisions of this charter, relating to the form and to the mode of signing initiative petitions, and to the filing, examination, certification and amendment of the same, and to the presentation thereof to the council by the city clerk, shall apply to referendary petitions filed under this charter.

If any referendary petition or petitions be filed, as hereinbefore provided, and the city clerk shall be unable to make his certificate to the sufficiency or insufficiency thereof within thirty days after the publication of the ordinance, or the adoption of the order or resolution, the submission of which to a referendary vote is thereby demanded, such ordinance, order or resolution shall be suspended from taking effect after the expiration of said thirty days and until the date of the certificate of the city clerk to the sufficiency or insufficiency of such petition or petitions. If by the certificate of the city clerk such petition or petitions are certified to be sufficient, such ordinance, order or resolution shall not go into effect until it shall be adopted by vote of the electors of the city, as hereinafter provided, but if by such certificate, such petition or petitions are certified to be insufficient, such ordinance, order or resolution shall go into effect upon the date of such certificate; provided, however, that no such ordinance, order or resolution shall take effect until the expiration of said thirty days. No referendary petition shall be amended by a supplemental petition filed

after the expiration of said thirty days. In case more than one referendary petition be filed, all such petitions shall be considered in determining the number of qualified electors, and with the same force and effect as though all the names had been appended to one petition.

Sec 198i. Upon the presentation to the council by the city clerk of a referendary petition or petitions, the ordinance, order or resolution, the submission of which to a referendary vote is thereby demanded, must be either repealed by the council without delay or submitted to a vote of the qualified electors of the city for approval or rejection at the next general municipal election occurring subsequent to forty days from the date of the presentation of such referendary petition to the council by the city clerk, *provided*, that if before such general election, and subsequent to said forty days, a special election shall be held for any other purpose, then such ordinance, order or resolution shall be so submitted at such special election, or, in the discretion of the council, at any special election called for that purpose; *provided, however*, that if any referendary petition or petitions shall be signed by fifteen per centum of the qualified electors of said city computed upon the basis for estimating the percentage of such electors set forth in Section 198a of this charter, the council must, upon the presentation thereof to it, immediately call a special election at which the ordinance, order or resolution contained in such petition shall be submitted to a referendary vote, and such election shall be held within forty days from the presentation to the council of such petition.

If any referendary petition or petitions presented to the council as aforesaid, be certified by the clerk to be signed by at least ten per centum but less than fifteen per centum of the qualified electors of the said city, computed upon the basis aforesaid, then and in that event, additional referendary petitions for the submission of such ordinance, order or resolution to a referendary vote may be filed; all such additional referendary petitions shall be in the same form, and be signed, examined, amended, and certified and presented to the council in like manner as provided in Section 198b of this charter; and if it shall appear from the certificate of the city clerk thereto, that such additional referendary petition or petitions are signed by such number of qualified electors of the city, as, when added to the number of qualified electors whose signatures are appended to such referendary petition or petitions examined and certified by the city clerk, shall equal fifteen per centum of the qualified electors of said city, computed upon the basis aforesaid, the council must, upon the presentation of such additional referendary petition or petitions to it by the city clerk, immediately call a special election at which such ordinance, order or resolution shall be submitted to a referendary vote, and such election shall be held within forty days from the presentation of such additional referendary petition or petitions to the council.

If, upon the presentation by the city clerk to the council of a referendary petition signed by at least ten per centum, but less than fifteen per centum, of the qualified electors of the city, computed as aforesaid, the council shall have ordered the ordinance set forth in such petition submitted to a vote of the electors of the city at the next general municipal election, such action shall be annulled by the presentation to it of additional petitions, which, together with such referendary petition, shall be signed by at least fifteen per centum of the qualified electors of the city, and in such event the council shall submit such ordinance to such vote at a special election, as hereinbefore provided.

Sec 198j. No ordinance, order or resolution that has been submitted to a referendary vote shall go into effect unless a majority of the qualified electors voting thereon shall vote in favor thereof, and if such ordinance, order or resolution so submitted shall receive the votes of a majority of such qualified electors voting thereon, it shall be deemed to be adopted, and shall take effect upon the declaration by the council of the result of the election at which it shall have been so submitted; *provided, however*, that any ordinance, order or resolution so adopted shall be subject to amendment or repeal by the council at any time, but such amendment or repeal shall not be made within six months after such adoption, except by unanimous vote of the council, and such amendment or repeal shall be subject to a referendary vote as provided in this article.

Sec. 198k. Whenever any ordinance proposed by initiative petition, or any ordinance, order or resolution for the submission of which to a referendary vote a petition or petitions shall have been filed, is submitted at any election, there shall be printed on the ballots to be used at such election, the words, "Shall the ordinance, (or order, or resolution, or proposed ordinance, as the case may be, stating the nature of the ordinance, order or resolution, or of the proposed ordinance) be adopted?" And opposite such proposition to be voted on, and to the right thereof, the words "Yes" and "No" shall be printed, on separate lines, with voting squares. If an elector shall stamp a cross (X) in the voting square after the printed word "Yes", his vote shall be counted in favor of the adoption of the ordinance, order or resolution, or the proposed ordinance; and if he shall stamp a cross (X) in the voting square after the printed word "No", his vote shall be counted against the adoption of the same.

Sec 198l. Any number of ordinances proposed by initiative petitions, or ordinances, orders or resolutions submitted by the council to a referendary vote, or so submitted in pursuance of referendary petitions, may be voted upon at the same election, either general or special; *provided*, that there shall not be held in any period of six months more than one election called for the purpose of submitting an ordinance

or ordinances proposed by initiative petitions, but if any election be called for any other purpose within such period, such ordinance or ordinances may also be submitted thereat. If the provisions of two or more ordinances, orders or resolutions adopted at the same election by vote of the qualified electors of said city, under the provisions of this article, conflict, then the ordinance, order or resolution receiving the highest affirmative vote shall prevail.

Sec. 198m. The council, at its own instance, or upon the presentation to it of an initiative petition, may submit any proposed ordinance for the repeal of any ordinance adopted or approved by vote of the qualified electors of the city, in pursuance of an initiative or referendary petition, as in this article provided, or for the amendment of such ordinance, to be voted upon at any succeeding general municipal election; and in the event that such proposed ordinance, so submitted by the council, receive a majority of the votes cast thereon at such election, the ordinance to which such ordinance so adopted is amendatory, or that is to be repealed thereby, shall be amended or repealed accordingly.

Sec. 198n. Whenever any ordinance, order, resolution or proposition is required by this article to be submitted to the electors of the city at any election, the city clerk shall cause the same to be printed, and he shall enclose a printed copy thereof in an envelope with a sample ballot, and mail the same to each voter.

Sec. 198o. If any ordinance, order or resolution be submitted to the vote of the electors in pursuance of a referendary petition, the person filing such petition, or the person or organization on whose behalf said petition was filed, shall have the right to present to the city clerk at least twenty days prior to such election, printed copies of an argument opposing such ordinance, order or resolution, and the council shall have the right to present or permit to be presented to the city clerk, within the same limit of time, printed copies of an argument favoring such ordinance, order or resolution. No such argument shall exceed two thousand words in length, and such argument shall be printed in such form and upon such character of paper suitable for mailing as the city clerk shall prescribe. The city clerk shall enclose one copy of each of such arguments with the sample ballot, and a copy of the ordinance, order or resolution, mailed to each voter, *provided* he has been furnished with printed copies of such arguments equal to five per centum in excess of the total number of qualified electors of the city. Nothing in this section contained shall authorize the council to expend any money of the city for the formulating or printing of any such argument.

THE RECALL.

Sec 198p. Any incumbent of an elective office, whether elected by vote of the people or appointed to fill a vacancy, may be removed from office by the qualified electors of the city of Los Angeles, as hereinafter provided. Such removal of the incumbent of an office shall be known as the recall, and the procedure to effect the removal of an incumbent of an elective office shall be as hereinafter provided.

(1) A petition signed by qualified electors equal in number to at least twenty per centum of the entire vote cast for all candidates for the office, the incumbent of which is sought to be removed, at the last preceding general municipal election at which an incumbent of such office was elected, demanding the submission to the electors of the city of the question whether the incumbent of such office shall be removed by vote of such electors, and if so removed, the election of a successor of such incumbent, shall be addressed to the council and filed with the city clerk. Such petition shall contain a general statement of the grounds for which such removal is sought, of not more than three hundred words in length, and the sufficiency of such statement shall not be subject to review, *provided, however*, that no petition for the removal of any elective officer shall be so filed until he has actually held his office for three months.

(2) The provisions of this article relating to the form and to the mode of signing of initiative petitions, and to the filing, examination, certification and amendment thereof, and to the presentation of the same to the council, shall apply to any petition filed with the city clerk under this section, which petition shall be designated as a recall petition. The sufficiency or insufficiency of any recall petition shall not be subject to review by the council.

(3) Upon the presentation of such recall petition to the council by the clerk, the council shall thereupon, by ordinance, order the holding of a special election for the purpose of submitting to the electors of the city the question whether such officer shall be recalled, and if recalled, for the election of his successor. Such special election shall be held not less than fifty days nor more than sixty days after the date of the certificate of the city clerk to the sufficiency of such recall petition, *provided, however*, that if a general municipal election, or any special municipal election is to occur within sixty days after the date of such certificate, the council may, in its discretion, order the holding of such recall election, and the consolidation thereof with such general or special election.

Sec 198q. The ballots used at every recall election shall have printed thereon, as to every officer whose recall is to be voted on thereat, the following question:

"Shall (inserting name of officer sought to be removed) be removed from the office of (inserting name of his office), by the recall?"

And opposite such question to be voted on, and to the right thereof, the words "Yes" and "No" shall be printed on separate lines, with voting squares. If an elector shall stamp a cross (X) in the voting square after the printed word "Yes", his vote shall be counted in favor of the recall of such officer, and if he shall stamp a cross (X) in the voting square after the word "No", his vote shall be counted against such recall.

On such ballots, under each such question, there shall also be printed the names of all persons who have been nominated as candidates to succeed the person whose removal is sought, in case he shall be removed from office by vote of the electors. The nomination of such candidates shall be made as hereinafter provided, except that the person whose removal is sought, shall be deemed a candidate, and unless, within five days after the date of the clerk's certificate to the petition, he resigns his office, or declines in writing duly signed and verified by him, and filed with the city clerk, to be a candidate, his name shall be printed on the ballot the same as if he had been regularly nominated in accordance with the provisions of this article.

Sec. 198r. Any incumbent of an office, whose removal is sought under the provisions of this article, may file with the city clerk, at least twenty days prior to such recall election, printed copies of a statement of not more than two thousand words in length justifying his course in office; and the person filing such recall petition, or the person or organization on whose behalf a recall petition was filed, shall have the right to present to the city clerk, within the same limit of time, printed copies of a statement in support of such recall of not exceeding two thousand words in length. Any statement filed under this section shall be printed in such form and upon such character of paper suitable for mailing as the city clerk shall prescribe. The city clerk shall enclose one copy of any such statement so filed with him with the sample ballot mailed to each voter, provided he has been furnished with printed copies of such statement equal to five per centum in excess of the total number of qualified electors of the city.

Sec. 198s. Any elective officer for whose recall and removal from office an election is held, shall continue to perform the duties of his office until such time as the council having canvassed the vote at such recall election, shall declare that a majority of the electors voting on the question as to whether such person shall be recalled and removed from office, have voted in favor of his recall and removal from office. But if such person shall resign at any time after the date of the certificate of the clerk certifying that the petition for his recall is sufficient and prior to the declaration of the result of such election, thereby creating a vacancy in such office, or a vacancy occurs therein during such time from any cause, such vacancy may be filled by the council in the same manner as other vacancies occurring in such office, but in that event, the person appointed to fill such vacancy shall hold his office only until the person declared by the council to have been elected at the recall election shall qualify. Proceedings for the recall of any elective officer shall be deemed to be pending from the date of the certificate of the city clerk certifying that the recall petition is sufficient, and if he shall resign at any time subsequent thereto the recall election shall be held notwithstanding such resignation.

In the event that a majority of the electors voting on the question as to whether a person shall be recalled and removed from office shall vote in favor of the removal of such person from office by the recall, the person for whose removal from office such majority has voted shall be deemed to be and shall be recalled and removed from office upon the declaration of the result of such election by the council, and the candidate receiving at said election the highest number of votes for that office shall be thereby elected. If the incumbent receive the highest number of votes, he shall continue in office, but if some person other than the incumbent receive the highest number of votes at such election he shall become the successor of the incumbent so removed and shall hold office only during the unexpired term of such officer.

Sec. 198t. No person who has been removed from an elective office by the recall, or who has resigned from such office while recall proceedings for his removal were pending against him, shall be appointed to any office under this charter within two years after such removal or resignation.

Sec. 198u. Any candidate to be voted for at a recall election other than the incumbent sought to be removed, may be nominated by petition, which shall be substantially in the form prescribed in Sections 206r and 206d of this charter. Any such petition or petitions shall be signed by qualified electors of said city equal in number to at least one per cent of the total number of votes cast for the office of mayor at the last general municipal election in said city at which a mayor was elected. Each petition must be presented to the city clerk not less than twenty-five days before such recall election. Immediately upon the presentation of any such petition, the city clerk shall ascertain and determine, in the manner hereinbefore provided as to initiative petitions, whether or not such petition is signed by the requisite number of qualified electors of the city. If requested by the city clerk, the council shall allow him additional assistants for that purpose, as in other cases, and he shall, within five days after the presentation thereof, attach his certificate to such petition, showing the result of his examination. If it shall appear therefrom, that any such petition is not signed by the requisite number of qualified electors, the same may be amended

within three days from the date of such certificate, by presenting a supplemental petition. The clerk shall, within three days after such supplemental petition is filed, make like examination thereof, and shall certify the result of his examination thereof; but no further supplemental petition shall be allowed. If any such petition, as amended by a supplemental petition, be signed by the requisite number of qualified electors, both the petition and supplemental petition being considered together for that purpose the person therein named shall be deemed to be nominated as a candidate to be voted for at such recall election.

Sec. 198i. The provisions of Sections 206h, 206i and 206j of this charter shall be applicable to recall elections held under this article.

Sec. 198u. The incumbent of any appointive office provided for in this charter, or created by ordinance under the authority thereof, may be removed at any time after the expiration of three months from his appointment, by the qualified electors of the city. The procedure to effect the removal of the incumbent of an appointive office shall be the same as that hereinbefore provided for the removal of the incumbent of an elective office by the recall, with the following exceptions:

(a) The petition for the removal of the incumbent of an appointive office shall contain a demand for the submission to the electors of the city of the question whether the incumbent of such office shall be removed by vote of such electors.

And opposite such question to be voted on, and to the right thereof, the words "Yes" and "No" shall be printed on separate lines, with voting squares. If an elector shall stamp a cross (X) in the voting square after the printed word "Yes", his vote shall be counted in favor of the removal of such officer, and if he shall stamp a cross (X) in the voting square after the word "No", his vote shall be counted against such removal.

(c) If a majority of the electors voting on such question shall vote in favor of the removal of such appointive officer, he shall be deemed to be and shall be removed from office upon the declaration of the result of such election by the council and such office shall thereupon be and become vacant. Such vacancy shall be filled by the appointing power in the same manner as other vacancies, but any appointive officer so removed shall not be eligible to any appointive or elective office under this charter until the expiration of two years after such removal.

The names of the offices to be filled shall be arranged on the ballots in the order the officers of the city to be elected are named in Section 4 of this charter.

Sec. 206l. The names of the candidates for each office shall be arranged on the ballot for the primary nominating election in alphabetical order. There shall be nothing on any ballot indicative of the party affiliation, source of candidacy or support of any candidate. Any candidate to serve for the remainder of an unexpired term, shall be designated in the petition and on the ballot as a candidate to fill an unexpired term.

Sec. 206m. Each ballot shall contain blank spaces underneath the printed names for each office, wherein the voter may write the name of any candidate whose name is not printed on the ballot and for whom he may wish to vote and in such case a cross shall not be stamped opposite such written name.

Sec. 206n. In the event that any candidate for nomination to any office for which only one person is to be elected shall receive a majority of the votes cast for all the candidates for nomination to such office at such primary nominating election, the candidate so receiving such majority of votes shall be deemed to be and declared by the council to be elected to such office, *provided*, that in the case of candidates for the offices of member of the council and member of the board of education, the candidates therefor equal to or less than the number of such offices, for which nominations are to be made who receive the votes of more than one half of the qualified electors voting at such election, shall be deemed to be and declared by the council to be elected to such office or offices. Except as in this section provided, the result of such primary nominating election shall be as provided in Section 206o of this charter.

Sec. 206o. The two candidates receiving the highest number of votes for any given office at the primary nominating election shall be the candidates, and the only candidates, for such office whose names shall be printed upon the ballots to be used at the general municipal election, *provided*, that where more than one office of the same kind is to be filled, the candidates therefor, equaling in number twice the number of such offices, who receive the highest number of votes at the primary nominating election, shall be the candidates, and the only candidates, for such offices whose names shall be printed upon the ballot to be used at such general election.

Sec. 206p. The ballot at any general election shall be in the same general form as for such primary nominating election, so far as applicable, and without any indication as to the party affiliation, source of candidacy or support of any candidate.

Sec. 206q. Any person entitled to vote at any election held in the city of Los Angeles, shall on the day of such election, be entitled to absent himself from any service or employment in which he is then engaged or employed, for the period of two consecutive hours between the time of opening and the time of closing the polls; and such voter shall not, because of so absentsing himself, be liable to any penalty, nor shall any deduction be made on account of such absence from his usual salary or wages.

Sec. 206r. Nothing contained in any of the foregoing sections, 206a to 206q, both inclusive, shall be deemed to apply to any election held under the sections of this article relating to the recall and removal of elective officers, except as therein expressly provided.

Sec. 206s. In the event of the death of any candidate nominated at a primary nominating election for any office, the name of the person who received the highest vote of those who were candidates for such office, other than the candidates who were nominated therefor at the primary nominating election, shall be deemed a candidate and his name shall be printed upon the ballot to be used at the general municipal election, with the same force and effect as if such person had been nominated therefor as hereinbefore provided.

Sec. 206t. Whenever it shall appear upon the canvass of the returns of any primary nominating election that two or more persons have received an equal number of votes as candidates for any office at such election, so that the result of such election does not determine which of such persons are entitled to be nominated as candidates for such office, the city clerk shall forthwith, upon the declaration by the council of the result of such election, notify in writing all persons so receiving an equal number of votes, to appear before the council, in the council chamber, at its next regular meeting that shall occur after the expiration of five days after the result of such election shall have been declared, and at an hour to be specified in such notice, and then and there to draw lots to determine which of said persons shall be the candidate or candidates for such office. At the time and place specified in such notice, such persons shall appear before the council and shall then and there in open session thereof, draw lots to determine which of said persons shall be such candidate or candidates. Such lots shall be drawn in such manner as the council shall prescribe, and the person or persons upon whom the choice made by such

drawing of lots shall fall, shall be declared to be and shall be the candidate or candidates. If any such person do not appear, as above prescribed, the city clerk shall act for such person in such drawing of lots; *provided, however*, that if any demand for a recount of the ballots cast at such primary nominating election be made as hereinafter provided, by or on behalf of any such person, such drawing of lots shall not be had, until and unless such recount shall also result in a tie vote having the effect hereinbefore stated.

Nothing in this section contained shall be construed to prevent any elector of the city from demanding and obtaining a recount of the ballots cast at such primary nominating election as hereinafter provided.

Sec. 206u. Any elector of the city may contest the right of any person declared nominated as a candidate for any office to be such candidate upon the ground that such person did not receive the requisite number of votes at the primary nominating election. When an elector contests the right of any person declared nominated as a candidate for any office to be a candidate therefor, he must, within five days after the result of the primary nominating election shall have been declared by the council, file with the city clerk a written petition setting forth specifically the following:

(1) The name of the person contesting such nomination, and that he is an elector of the city.

(2) The name of the person whose right to be a candidate for an office, stating the office, is contested;

(3) A statement of particulars wherein the person, whose right to be a candidate is contested, did not receive the requisite number of votes at the primary nominating election; or, of such errors in the counting of ballots, which, if corrected, would give a different result;

(4) A demand for a recount of the ballots cast at such election.

Such petition must be signed by and be verified by the affidavit of the person filing such petition, and such affidavit must state that the statements made in the petition are true of his own knowledge, except as to the matters which are therein stated on his information or belief, and as to those matters he believes it to be true. Any such petition shall be accompanied by a bond in the penal sum of \$500, in favor of the city of Los Angeles, executed by the petitioner and by two sureties satisfactory to the council, conditioned for the payment by the petitioner to the city of Los Angeles of the costs and expenses of such recount of ballots in case such contest does not change the result of such election.

The city clerk shall present said petition to the council at its next regular meeting after the filing thereof, and the council shall thereupon order a recount of the ballots cast at such election. Such recount shall be conducted by the mayor, city attorney and city clerk, who shall for that purpose constitute a board of contested primary nominating elections, *provided, however*, that if any of said officers are interested parties to said contest, the council shall designate a disinterested elector to act upon such board in the place of such officer. Such board shall be authorized by the council to employ such persons as may be necessary to assist them in conducting such recount, which shall be public, and conducted with due diligence to completion. Upon the completion thereof, such board shall make a report in writing of the result thereof to the council, which shall thereupon declare the same; and if any person or persons other than the person or persons theretofore declared nominated, are found upon such recount to be entitled to such nomination, the council shall so declare and direct that the proper certificate of nomination be issued to such person or persons. Nothing in this section contained shall be construed to prevent any person from contesting any nomination by such judicial proceedings as may be otherwise authorized by law.

In case the result of such primary nominating election is changed by such contest, the expense of such recount shall be paid by the city.

Sec. 206r. The provisions of Section 206u shall be applicable to any case where it appears from the canvass of the returns of any primary nominating election that two or more persons have received an equal number of votes as candidates for any office at such election, so that the result of such election does not determine which of such persons are entitled to be nominated as candidates for such office. Any elector of the city may, in the event of any such tie vote, obtain a recount of the ballots cast at such primary nominating election by filing a petition demanding such recount, setting forth specifically the following:

(1) The name of the person demanding such recount, and that he is an elector of the city;

(2) The names of the persons who received an equal number of votes, stating the office.

(3) A statement of particulars of such errors in the counting of ballots, which, if corrected, will give a different result.

(4) A demand for a recount of the ballots cast at such election.

Such petition shall be signed, verified and filed as in said Section 206u provided. The proceedings for such recount shall be conducted and the result thereof determined in the same manner and with the same force and effect as in said section provided, and the provisions thereof shall control in all matters pertaining to such proceedings so far as they may be applicable thereto.

Sec 206*c*. A substantial compliance with the provisions of this article shall be sufficient for the holding of any election hereunder, and for the approval or rejection of any ordinance, order or resolution submitted to a vote of the electors of the city.

CITY ASSESSOR

Sec 46. It shall be the duty of the city assessor, in addition to any duty that may be elsewhere prescribed for him by this charter or by ordinance, to make out, within such a time as may be prescribed by ordinance of said city, either now in force or that may hereafter be passed in pursuance hereof, a full, true and correct list of all the property, both real and personal, taxable by law, within the limits of said city, with the valuation thereof, and assess the same to the persons by whom it was owned or claimed, or in whose possession or control it was, at twelve o'clock meridian on the first Monday of March next preceding.

Each taxpayer in said city shall make and deliver to the city assessor annually, and at such time as shall be provided for by ordinance, a statement under oath setting forth specifically all the real and personal property owned by such taxpayer, or in his possession or under his control at twelve o'clock meridian on the first Monday of March next preceding.

It shall be the duty of the city assessor to collect the taxes on all personal property, when the owner of said property is not seized of real estate in said city sufficient to afford ample security for collection of said taxes. In all such cases he shall be governed in fixing the amount of the tax by the rate of the tax levy for the preceding year.

Immediately after fixing the assessment on such property he shall serve on its owner or owners a notice in writing, which shall specify the assessed valuation of the property, the rate per cent and the amount of tax payable, and contain a demand for the payment of said tax within three days after service of said notice. Said notice shall be served personally, or by leaving a copy of the same at the last known place of residence of the person whose property is so assessed.

Upon the expiration of said three days after such service, if the tax demanded still remains unpaid or payment thereof be not secured to the satisfaction of the city attorney and city assessor, the city assessor shall forthwith proceed to collect the same by seizure and sale of any personal property owned by the delinquent.

The said sale shall be made by him in the manner provided in Sections 3791, 3792, 3793, 3794, 3795 and 3796 of the Political Code of the State of California;

provided, that the newspaper referred to in said Section 3792 shall be published in the city, and shall be designated by the council.

As soon as the rate is fixed for the year in which such collection is made, if it be found that a sum in excess of said rate has been collected, the excess must be repaid in the same manner as other demands against the city are paid, to the person from whom the collection was made, or to his assigns. And if a sum less than the rate fixed has been collected, the deficiency must be collected as other taxes on personal property are collected.

Should the board of equalization reduce the valuation for the same year of the property so assessed, the sum collected in excess of said reduced valuation must be repaid in like manner, to the person from whom the collection was made, or to his assigns. And if the valuation of said property should be increased by said board, then the deficiency must be collected as other taxes on personal property are collected.

The city assessor shall carefully note upon his assessment list and also upon a book to be kept by him for the purpose all collections made by him under this section, and shall turn over to the city treasurer all money received immediately upon its receipt.

In case the city assessor shall fail to demand, and through his fault to collect, any and all taxes which by this section he is directed to collect, he shall be and become personally liable to the city for the amount of said delinquent taxes, with interest from the date of their assessment; and the council is authorized and directed to cause proper action or actions at law to be brought against him and the sureties on his official bond to recover the same.

The mode of making out assessment lists, of ascertaining the value of property and of equalizing the same shall be such as is now or may hereafter be, prescribed by the ordinances of the city.

Sec. 175. The harbor department shall consist of a port warden and such harbor inspectors, pilots, wharfingers, warehouse keepers, clerks and other officers and employees as may from time to time be determined by ordinance. The salaries of all officers and employees of the harbor department shall be fixed by ordinance, and said board of harbor commissioners shall prescribe their powers and duties. All appointments in the harbor department shall be made by the board of harbor commissioners, subject to such civil service rules and regulations as may now or hereafter be in force. Said board shall have the power to discharge, remove or suspend all officers or employees in the harbor department, subject to the provisions of this charter. The board shall establish all necessary rules and regulations for the exercise of the powers conferred in this article, for the government of the harbor department, and for the regulation and conduct of its officers and employees, and may prescribe and enforce penalties for the violation of such rules and regulations. The board of harbor commissioners may require of any or all of such officers and employees, except laborers, adequate bonds for the faithful performance of their respective duties.

Sec. 176. The board of harbor commissioners shall have possession and control, under such ordinances as may from time to time be adopted by the council, of the entire water front of the city, and of Los Angeles harbor and other navigable waters within the limits of said city and authority to use, for the loading and landing of merchandise, with a right to collect dockage, wharfage and tolls thereon, such portions of the streets and other public places terminating in or fronting upon the navigable waters within the city of Los Angeles as may be used for such purposes without obstructing the same as thoroughfares.

Sec. 177. The board of harbor commissioners, subject to such ordinances as the council may from time to time adopt, shall have power:

(a) To make, adopt and enforce by-laws, rules and regulations regarding the use and control of the water front, Los Angeles harbor, and all other navigable waters within the limits of the city of Los Angeles, and the anchoring, mooring, towing, docking and landing of all steamships, vessels and other water craft therein, respecting pilotage and towage, and the placing, installment and maintenance of buoys, bells, lights and fog horns in and upon said harbor and waters.

(d) The powers conferred by this section upon the said board of harbor commissioners shall be exercised by resolution or order adopted by a majority of its members, and recorded in the minutes with the ayes and noes at length. Every such resolution or order shall be published in the same manner as ordinances of said city, and shall take effect upon such publication, *provided*, that no such resolution or order of the said board fixing any rates, charges, fares or tolls, or prescribing the time or manner of payment thereof, shall be effective until the same shall be approved by the council, by ordinance, and shall be thereafter published for at least three days in a newspaper printed, published and circulated in the city of Los Angeles. Any

person, firm or corporation who shall violate the provisions of any such resolution or order shall be guilty of a misdemeanor, and shall be punishable by imprisonment in the city jail for a period not exceeding six months or by a fine not exceeding five hundred dollars, or by both such fine and imprisonment.

Sec 178. In case of fire occurring on any vessel in Los Angeles harbor, or in other navigable waters of said city, or in or upon any dock, wharf, pier, warehouse, building or other structure bordering upon or adjacent to said harbor or waters power and authority respecting the extinguishment thereof and to prevent the spreading thereof, shall be vested in the fire department as in this charter provided.

Sec 179. The board of harbor commissioners, except as otherwise in this charter provided, shall have charge, superintendence and control, under such ordinances as may from time to time be adopted by the council:

(a) Of the design, construction, maintenance and repair of all sea walls, embankments, bulkheads, wharves, piers, docks, quays, slips, landings, elevators, cranes, derricks, marine ways, warehouses and other structures and appliances erected, operated or maintained by the city for the accommodation of commerce in and upon the water front, Los Angeles harbor and the navigable waters within the limits of said city, for the landing of steamships, vessels and other water craft therein, for the loading, discharging and storing of the cargoes of such steamships, vessels and other water craft, and of all appliances erected, constructed or maintained by the city for the taking on or discharging of passengers by or from such steamships, vessels and other water craft;

(b) Of the dredging, deepening, widening and clearing of all slips, docks, channels, canals, basins, waterways and other waters in Los Angeles harbor and other navigable waters within the limits of said city, and of the acquisition, construction and operation of dredging machines, scows, tugs and other machinery or appliances therefor, and of the employment of persons to operate the same; *provided, however*, that whenever any such slips, docks, channels, canals, basins, waterways, or other waters shall be so dredged, deepened, widened or cleared, the materials taken therefrom shall be deposited in such place or places as the board of harbor commissioners shall designate.

(c) Of all wharves, piers, docks, quays, slips, landings, dry docks, marine ways, elevators, cranes, derricks, warehouses, and other structures, marine ways, railways and all other structures and appliances owned, controlled or operated by the said city for the landing of vessels, the loading and unloading of their cargoes, and the storage thereof, the taking on and discharging of their passengers;

(d) Of all ferries, tow boats, pilot boats, steamships, and other vessels and water craft owned, operated or controlled by said city.

Sec. 180. In addition to the powers and duties hereinbefore provided, the board of harbor commissioners shall exercise and perform the further powers and duties:

1. To make at such times, as may be prescribed by ordinance, a thorough investigation into the affairs of all persons, firms or corporations operating or maintaining ferries, wharves, piers, docks, quays, moles, slips, landings, elevators, cranes, derricks, marine ways, warehouses, and other public service utilities pertaining to the water front, Los Angeles harbor and other navigable waters in the city, and collecting fares, wharfage, dockage, tolls and other charges for the use of the same, in the city of Los Angeles, and compile such data as may be necessary to determine the proper licenses and charges for the services furnished or supplied by such persons, firms or corporations, as provided in this charter, or otherwise by law. Such data shall include a valuation of the physical properties of such persons, firms or corporations, a detailed statement of gross and net earnings, expenses, capitalization and indebtedness thereof, and such other matters as the board may deem proper, and shall also include such facts and figures as may be obtainable regarding the operation and maintenance of similar works and utilities in other municipalities. The board shall have the right, at all reasonable times, to have access to, and, in person or by their duly authorized representatives, to examine all property of such persons, firms or corporations used in connection with each such public utility, and to examine the books, papers, maps and records showing the affairs, transactions, property and financial condition of such persons, firms or corporations, for the purpose of such investigation and the compiling of such data.

2. To fix, subject to approval, change or modification by the council, as hereinafter provided, the amount of licenses to be imposed and collected by the city and the rates to be charged and collected for the services mentioned in subdivision one of this section, such licenses and rates to be so fixed for such periods as may be prescribed by ordinance, or otherwise by law, but in no event for a period less than one year, nor more than three years. Such licenses and rates shall be fixed by resolution of the board, to be recorded in the minutes with the axes and noes at length. Any such resolution shall be adopted within such time as shall be prescribed by ordinance. Immediately upon the adoption of any such resolution, a copy of the same, certified by the secretary of said board shall be filed with the city clerk. The city clerk shall present such resolution to the council at its next regular meeting, and shall cause the same to be published for five days in a daily newspaper printed and published and circulated in said city. Any person interested in or affected by the rates or licenses specified in any such resolution may, within fifteen days after the expiration of such publication

file objections thereto with the city clerk, specifying the grounds of such objections, and petition the council for a rehearing of such rates. The city clerk shall lay all such objections before the council at its next regular meeting after the expiration of the time for filing the same. The council may, upon any such petition, by a vote of two thirds of its members, order a rehearing of the rates or licenses objected to. If such rehearing be ordered the council shall consider such rates or licenses, shall hear and pass upon the objections thereto at such time, and under such rules and mode of procedure as it shall by ordinance prescribe, and shall have the power to finally fix such rates or licenses by approving, changing or modifying the same, such change or modification to be made by ordinance, *provided, however*, that in order to change or modify any rates or licenses fixed by the said board of harbor commissioners, the affirmative vote of two thirds of the entire council shall be necessary.

All rates or licenses to which no objections are filed or offered, shall be deemed to be finally fixed by said board of harbor commissioners. All rates or licenses finally fixed under the provisions of this article shall be so fixed as to take effect on the first day of July thereafter.

3. To investigate any and all complaints against the service or charges of any person, firm or corporation operating any ferry, wharf, pier, dock, quay, mole, slip, landing, elevator, crane, derrick, marine way, warehouse, and other public service utility pertaining to the water front, to Los Angeles harbor and other navigable waters in the city of Los Angeles, and to recommend legislation to the city council, or action to executive officers of the city, whenever in the judgment of said board such legislation or such action may be necessary.

4. To superintend the inspection of all ferries, wharves, piers, docks, quays, moles, ships, landings, elevators, cranes, derricks, marine ways, warehouses, and other public service utilities pertaining to the water front, to Los Angeles harbor and other navigable waters in said city, maintained or furnished by persons, firms or corporations in the city of Los Angeles, as to their compliance with their franchises, and with the law and the ordinances of said city regulating the manner of conducting their business, and the service and charges of such persons, firms or corporations, and their treatment of the public, and, from time to time, to recommend such legislation or executive action based on such investigation, as in their judgment may be required.

5. To prepare and keep a detailed and indexed record of all franchises or other grants or leases for ferries, wharves, piers, docks, quays, moles, slips, landings, or other public service utilities granted or given by the city or by other authority, in, upon or pertaining to the water front, to Los Angeles harbor or other navigable waters in said city that are now in existence, or that may hereafter be given or granted, showing the date, location, term thereof, and all other essential facts, and a similar record, so far as practicable, of all other like public franchises exercised in the city of Los Angeles.

6. To make a report to the council, in the month of August of each year, for the year ending on the 30th day of June last preceding, of which not less than one thousand copies shall be printed for distribution at the expense of the city, giving the essential facts and figures concerning the aforesaid public utilities operated and maintained in the city of Los Angeles, comparing the licenses thereof and their charges and character of service with those of similar utilities in other municipalities. Such report shall contain a digest of the transactions of the board during the year for which it is made, together with such information and suggestions relative to the development and improvement of the water front, Los Angeles harbor and other navigable waters in the city, and the commerce thereof, as it may deem of general interest.

Sec. 181. Every application made to the city council for a franchise for any ferry, wharf, pier, dock, quay, mole, slip, landing or other public service utility, in, upon or pertaining to the water front, Los Angeles harbor, or other navigable waters within said city, shall, before any action is taken thereon, be referred by the council to the board of harbor commissioners for its recommendation respecting the same. Said board shall proceed to inquire into such application and within thirty days after such application has been referred to it, or longer if allowed by the council, shall report to the council its recommendation relative thereto. If, in the judgment of the board such application should not be advertised for sale or granted, it shall so report, stating its reasons therefor, and if, in the judgment of the board, such application should be granted, it shall recommend the terms and conditions upon which the same should be so granted. No such franchise shall be advertised for sale or granted except upon an application therefor in writing previously filed with the city council, nor unless such application shall have been referred to the board of harbor commissioners, as aforesaid; *provided, however*, that if said board shall fail to report thereon within the time herein specified, or as extended by the council, nothing herein contained shall be construed to prevent the city council, at its discretion, from proceeding to advertise such franchise for sale, or from awarding the same, as provided by law. No franchise shall be advertised for sale or granted contrary to the recommendations of said board except upon a three fourths vote of the entire council.

Sec. 182. Every application for the right, privilege or franchise to use any portion of the water frontage or tide lands or submerged lands belonging to the city of Los Angeles, whether filled or unfilled, shall be presented in writing to the council. Such application shall state the purposes for which such water frontage, tide or

submerged lands are proposed to be used. Before any action is taken thereon by the council, such application shall be referred by it to the board of harbor commissioners, which shall investigate the same, and shall within thirty days after such application shall have been so referred, or within such further time as shall be allowed by the council, report to the council in writing its recommendations relative thereto. If, in the judgment of said board, such application should not be granted, said board shall so report, stating its reasons therefor; but if, in the judgment of said board, such application should be granted, said board shall in its report specify the terms, stipulations and conditions thereof, and the compensation to the city therefor, subject to the limitations elsewhere provided in this charter, as shall be deemed by said board to be proper or necessary in the premises. No application to use any portion of such water frontage, tide lands or submerged lands shall be granted, except in pursuance of an application therefor in writing previously filed with the council and referred to the board of harbor commissioners as aforesaid, *provided however*, that if said board shall not report its recommendations thereon within the time above specified, or as so extended by the council, the council may, at its discretion, proceed to grant said application or order such right, privilege or franchise to be given, as in the charter of said city provided; *and provided further* that no such application shall be granted and no such right, privilege or franchise shall be given contrary to the recommendations of the board of harbor commissioners, except the same be granted or given by a vote of three-fourths of all the members of the council, taken by ayes and noes, and entered upon the minutes of the council.

Sec. 183. The board of harbor commissioners shall have power, subject to the provisions of this charter, to lease in the name of the city and for the benefit thereof, for terms not exceeding thirty years, and when authorized by ordinance determining the terms and conditions and limitations of such lease, any portion of any tide lands or submerged lands belonging to or under the control of the city of Los Angeles, whether filled or unfilled, that shall be declared by the council, by ordinance, or by other legal authority, to be not required for any public purpose or use, but all such leases shall be subject to such limitations and restrictions as are elsewhere in this charter provided. No such lease shall be made except after advertisement of notice by said board for not less than ten days in a daily newspaper printed, published and circulated in said city, inviting proposals therefor, stating explicitly the terms and conditions of the proposed lease. The said board shall have, and must reserve, in all cases, the right to reject any and all bids, and shall award such lease to the highest responsible bidder at the highest rent, *provided, however*, that no such lease shall be executed or be valid or binding upon the city unless the same is approved by the council by ordinance adopted by a two-thirds vote thereof. All such leases shall provide for readjustment of the rental every ten years.

Sec. 184. Each commissioner is hereby authorized and empowered to administer oaths and affirmations in all matters incident or pertaining to the exercise of the duties or powers of the said board. Said board is hereby authorized and empowered to require, by subpoena, the attendance and testimony of witnesses, and the production of books, papers and documents, in any investigation, hearing or proceeding conducted by said board, in respect to any matter or thing of which said board has jurisdiction. The subpoenas authorized as aforesaid shall be issued and signed by the president of said board. The chief of police is hereby authorized and directed to serve or cause to be served any and all subpoenas that may be issued by said board from time to time. The council shall, by ordinance, provide suitable penalties for disobedience of such subpoenas, and for the refusal of witnesses to testify before such board, or to otherwise comply with such subpoenas.

Sec. 185. All moneys received or collected from or arising out of the use or operation of wharves, piers, docks, slips, moles, quays, landings, elevators, cranes, derricks, warehouses, marine ways, dry docks, ferries, steamships, vessels and other water craft, tug boats, and all other works, appliances or utilities owned, operated or controlled by the city of Los Angeles in or upon or pertaining to the water front, to Los Angeles harbor or other navigable waters in the said city, all fees for pilotage, and all rents or other charges for rights, privileges or franchises granted for the use of water frontage, tide lands or submerged lands, all rents for leases of such lands, all compensations, except licenses, required to be paid by franchise or otherwise by law or by ordinance to the city for the operation of ferries, wharves and other public service utilities pertaining to said harbor and other navigable waters shall be deposited in the city treasury to the credit of a fund to be known as the "harbor revenue fund", and shall be kept separate and apart from other moneys of the city. Said board of harbor commissioners shall have power, subject to the provisions of this charter, to order and contract for the expenditure of all moneys in said fund as hereinafter provided. Moneys shall only be drawn from said fund upon demands authenticated by the signature of the president and secretary of the board, or in the absence of the president, by the signatures of two members and the secretary of the board, except that the city council, at the time of fixing the general tax levy, may, in its discretion, by ordinance, apportion and set apart, out of the moneys then in said harbor revenue fund, an amount sufficient to meet all sums coming due for interest or principal, or for interest and principal, upon all outstanding harbor improvement bonds, before the time for fixing the next general tax levy, and the

city treasurer shall use the money so apportioned to make such payment, and for no other purpose; and if there shall be a surplus remaining, the same shall forthwith be retransferred into said harbor revenue fund.

Excepting as otherwise provided in this charter, none of the moneys in said harbor revenue fund, or coming under the control of said board of harbor commissioners, shall be appropriated or used for any purpose or purposes other than the following, to wit:

First—For the necessary expenses of conducting the harbor department, or operating the wharves, piers, docks, slips, quays, moles, landings, warehouses and other utilities, steamships, ferry boats, pilot boats, tug boats, and other vessels and water craft, and other works, appliances and utilities owned, operated or controlled by the city and pertaining to the water front, to Los Angeles harbor and the navigable waters in the city.

Second—For the acquisition, construction and completion of sea walls, embankments, bulkheads, wharves, ferries, docks, slips, quays, moles, landings, warehouses, and other structures, steamships, ferry boats, pilot boats, tug boats, and other vessels and water craft, and other appliances and utilities pertaining to the water front, to Los Angeles harbor and other navigable waters in the city, for the dredging, deepening and clearing of the waters and channels within the limits of the city, and for extraordinary improvements and betterments to the property under the management and control of said board, including also the purchase of necessary lands and other property.

Third—The payment, as above provided, of installments of the interest or principal, or of interest and principal, coming due on outstanding harbor improvement bonds.
